TRIBUNE PRINTING CO., CHARLESTON, W. VA.

CONSTITUTIONAL PROVISIONS

RELATING TO THE

SCHOOL SYSTEM OF WEST VIRGINIA

ARTICLE IV

* * * * *

5. **Oath of Office.** Every person elected or appointed to any office, before proceeding to exercise the authority, or discharge the duties thereof, shall make oath or affirmation that he will support the Constitution of the United States and the Constitution of this State, and that he will faithfully discharge the duties of his said office to the best of his skill and judgment; and no other oath, declaration, or test shall be required as a qualification, unless herein otherwise provided.

6. **Removal from Office.** All officers elected or appointed under this Constitution, may, unless in cases herein otherwise provided for, be removed from office for official misconduct, incompetence, neglect of duty, or gross immorality, in such manner as may be prescribed by general laws, and unless so removed they shall continue to discharge the duties of their respective offices until their successors are elected, or appointed and qualified.

* * * * *

8. **Legislature to Prescribe Terms of Office.** The Legislature, in cases not provided for in this Constitution, shall prescribe, by general laws, the terms of office, powers, duties and compensation of all public officers and agents, and the manner in which they shall be elected, appointed and removed.

ARTICLE VIII

27. **Districts.** Each county shall be laid off into districts, not less than three nor more than ten in number, and as nearly equal as may be in territory and population.

ARTICLE IX

* * * * *

4. **County Officers Subject to Indictment.** The Presidents of the County Courts, the Justices of the Peace, Sheriffs, Prosecuting Attorneys,

Clerks of the Circuit and of the County Courts, and all other county officers, shall be subject to indictment for malfeasance, misfeasance, or neglect of official duty, and on conviction thereof, their offices shall become vacant.

I am inclined to the opinion that the words "all other county officers," as used in this section, include members of boards of education, although they are elected in districts. This is by no means clear, however. This section is in force *ex proprio vigore* and needs no additional legislation.—*Alfred Caldwell, Attorney-General.*

ARTICLE X

* * * * *

2. **Capitation Tax.** The Legislature shall levy an annual capitation tax of one dollar upon each male inhabitant of the State who has attained the age of twenty-one years, which shall be annually appropriated to the support of Free Schools. Persons afflicted with bodily infirmity may be exempted from this tax.

* * * * *

5. **Power of Legislature to Levy.** The power of taxation of the Legislature shall extend to provisions for the payment of the State debt, and interest thereon, the support of free schools, and the payment of the annual estimated expenses of the State; but whenever any deficiency in the revenue shall exist in any year, it shall, at the regular session thereof held after the deficiency occurs, levy a tax for the ensuing year, sufficient with the other sources of income, to meet such deficiency, as well as the estimated expenses of such year.

* * * * *

7. **County Taxes Not to Exceed What—Debt.** County authorities shall never assess taxes, in any one year, the aggregate of which shall exceed ninety-five cents per hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon, created under the succeeding section, unless such assessment, with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for and against it.

See *Brannon vs. County Court*, 33 W. Va., p. 789, construing this section.

8. **Bonded Indebtedness.** No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness in the aggregate, exceeding five per centum on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness; nor without, at the same time providing for the collection of a direct annual tax, sufficient to pay, annually, the interest on such

debt, and the principal thereof, within and not exceeding thirty-four years; *provided*, that no debt shall be contracted under this section, unless all questions connected with the same, shall have been first submitted to a vote of the people, and received three-fifths of all the votes cast for and against the same.

ARTICLE XII

1. **Legislature to Provide System of Free Schools.** The Legislature shall provide by general law, for a thorough and efficient system of Free Schools.

See 4 W. Va., p. 499.

2. **General Supervision.** The State Superintendent of Free Schools shall have a general supervision of free schools, and perform such other duties in relation thereto as may be prescribed by law. If in the performance of any such duty imposed upon him by the Legislature he shall incur any expenses, he shall be reimbursed therefor; *provided*, the amount does not exceed five hundred dollars in any one year.

3. **County Superintendents.** The Legislature may provide for county superintendents and such other officers as may be necessary to carry out the objects of this Article and define their duties, powers and compensation.

4. **School Fund—Board of.** The existing permanent and invested school fund, and all money accruing to this State from forfeited, delinquent, waste and unappropriated lands; and from lands heretofore sold for taxes and purchased by the State of Virginia, if hereafter redeemed or sold to others than this state; all grants, devises or bequests that may be made to this State, for the purposes of education or where the purposes of such grants, devises or bequests are not specified; this State's just share of the literary fund of Virginia, whether paid over or otherwise liquidated; and any sums of money, stocks or property, which this State shall have the right to claim from the State of Virginia for educational purposes; the proceeds of the estates of persons who may die without leaving a will or heir, and of all escheated lands; the proceeds of any taxes that may be levied on the revenues of any corporation; all moneys that may be paid as an equivalent for exemption from military duty; and such sums as may from time to time be appropriated by the Legislature for the purpose, shall be set apart as a separate fund, to be called the "School Fund," and invested under such regulations as may be prescribed by law, in the interest bearing securities of the United States, or of this State, or if such interest bearing securities cannot be obtained, then said "School Fund" shall be invested in such other solvent, interest bearing securities as shall be approved by the Governor, Superintendent of Free Schools, Auditor and Treasurer, who are hereby constituted the "Board of the School Fund," to manage the same under

such regulations as may be prescribed by law; and the interest thereof shall be annually applied to the support of free schools throughout the State, and to no other purpose whatever. But any portion of said interest remaining unexpended at the close of the fiscal year shall be added to and remain a part of the capital of the "School Fund;" *provided*, that all taxes which shall be received by the State upon delinquent lands, except the taxes due to the State thereon, shall be refunded to the county, or district by or for which the same were levied.

School Fund Amendment. The accumulation of the School Fund provided for in section four of article twelve, of the Constitution of this State, shall cease upon the adoption of this amendment, and all money to the credit of said fund over one million of dollars, together with the interest on said fund, shall be used for the support of the free schools of this State. All money and taxes heretofore payable into the treasury under the provision of the said section four, to the credit of the School Fund, shall be hereafter paid into the treasury to the credit of the General School Fund for the support of the free schools of the State.

5. **Legislature to Provide for Free Schools.** The Legislature shall provide for the support of free schools, by appropriating thereto the interest of the invested "School Fund," the net proceeds of all forfeitures and fines accruing to this State under the laws thereof; the State capitation tax; and by general taxation of persons and property, or otherwise. It shall also provide for raising, in each county or district, by the authority of the people thereof, such a proportion of the amount required for the support of free schools therein as shall be prescribed by general laws.

6. **Districts.** The school districts into which any county is now divided shall continue until changed in pursuance of law.

7. **Levies to be Reported to Clerk of County Court.** All levies that may be laid by any county or district for the purpose of free schools shall be reported to the Clerk of the County Court, and shall, under such regulations as may be prescribed by law, be collected by the sheriff, or other collector, who shall make annual settlement with the county court, which settlements shall be made a matter of record by the clerk thereof, in a book to be kept for that purpose.

8. **White and Colored Pupils.** White and colored persons shall not be taught in the same school.

9. **School Officers not to be Interested in Sale of Books.** No person connected with the free school system of the State, or with any educational institution of any name or grade under State control, shall be interested in the sale, proceeds or profits of any book or other thing used, or to be used therein, under such penalties as may be prescribed by law: *Provided*, that nothing herein shall be construed to apply to any work written, or thing invented, by such person.

10. **Independent Districts.** No independent free school district, or organization shall hereafter be created, except with the consent of the school district or districts out of which the same is to be created, expressed by a majority of the voters voting on the question.

11. Normal Schools. No appropriation shall hereafter be made to any State normal school, or branch thereof, except to those already established and in operation, or now chartered.

12. Legislature to Encourage Improvements. The Legislature shall foster and encourage moral, intellectual, scientific, and agricultural improvement; it shall, whenever it may be practicable, make suitable provision for the blind, mute and insane, and for the organization of such institutions of learning as the best interests of general education in the State may demand.

The School Law of West Virginia

Chapter XLV of the Code of West Virginia, Being Chapter Two of the Acts of Nineteen Hundred and Nineteen, Regular, and Extraordinary Sessions, and of the Acts of Nineteen Hundred and Twenty-One, Regular Session.

Section 1. Definitions. The words used in this chapter and by-laws and in any proceedings pursuant thereto, shall, unless the context clearly indicates a different meaning, be construed as follows:

(2) "District" shall mean magisterial school district and shall not include any independent school district heretofore established by special act or acts of the Legislature.

(3) "Teacher" shall mean teacher, supervisor, principal superintendent, public school librarian, or any other person regularly employed for instructional purposes in a public school of this State.

Sec. 2. School Year. The school year shall begin on the first day of July and end on the thirtieth day of June, and all reports, accounts and settlements respecting the free schools shall be made with reference to the school year.

Sec. 3. School Districts. Every magisterial district in each of the counties of the State shall be a school district, which shall be divided into such number of sub-districts as may be necessary for the convenience of the free schools therein. Said board shall consist of seven members of whom one shall be the state superintendent of schools, *ex-officio*, and the other six members shall be appointed by the governor, as herein provided from the two dominant political parties. On or before the first day of May, one thousand nine hundred and nineteen, the governor shall, by and with the con-

sent of the senate, appoint six members of the board for the following terms, to commence on the first day of July next after their appointment: One for one year, one for two years, one for three years, one for four years, one for five years, and one for six years. Thereafter one member of the board shall be appointed by the governor on or before the first day of May in every year for a term of six years.

The members of the state board of education shall be citizens of the state, and not more than four appointive members shall be of the same political party. No appointee of the board shall serve on the board.

Vacancies on the board shall be filled by the governor for the unexpired term. Before exercising any authority or performing any duties as a member of the state board of education each member thereof shall qualify as such by taking and subscribing to the oath of office prescribed by section five, article four of the state constitution, the certificate whereof shall be filed with the records of the board. A suitable office or offices in the state department of education at Charleston shall be provided for the use of the state board of education.

Sec. 5. Meetings, Salary, Expenses. The state board of education shall meet in Charleston on the first day of July, one thousand nine hundred and nineteen, and thereafter the board shall hold at least six meetings in every year at such times and places as its by-laws may prescribe. There is hereby created an advisory council to the state board of education to assist said board in formulating and carrying out policies with respect to the education of the colored youth of the State. Said council shall consist of the state supervisor of colored schools, herein provided, and two citizens of the Negro race to be appointed by the governor on or before the first day of May, one thousand nine hundred and nineteen, by and with the consent of the Senate for the following terms to commence on the first day of July next after their appointment; one for two years and one for four years, and thereafter one member of said council shall be appointed by the governor on or before the first day of May in every second year for a term of four years. Vacancies in said council shall be filled by the governor for the unexpired term.

The two appointive members of said advisory council shall be entitled to receive from the general school fund, upon warrants drawn by the state superintendent of schools, the sum of one thousand dollars a year as salary, payable quarterly, and each of said appointive members

shall be reimbursed from said fund for any necessary expenses incident to the performance of his duties, upon presentation of an itemized sworn statement of same. The said advisory council shall have charge of all matters with reference to colored schools, subject to the approval of the state board of education.

Sec. 6. Organization. At its first meeting to be held on the first day of July, one thousand nine hundred and nineteen, and at its first regular meeting in every year thereafter, the state board of education shall elect one of its members as president and one as vice-president of the board. The state superintendent of schools shall be the chief executive officer of the state board of education. Said board shall appoint a secretary and fix his salary, which shall not exceed one thousand eight hundred dollars (\$1,800) per year, the same to be paid out of the general school fund upon warrants drawn by the state superintendent of schools.

Sec. 7. Powers and Duties. On and after the first day of July, one thousand nine hundred and nineteen, the state board of education created in section four of this act shall have the general control and management of the educational affairs of the West Virginia university, the state normal schools, the West Virginia trades school, the West Virginia vocational school, the West Virginia collegiate institute, the Bluefield colored institute, the West Virginia schools for the deaf and the blind, and of any other State educational institution which may hereafter be created by law; and the statutory provisions applicable to the government and maintenance of the schools or institutions named in this section shall continue in full force except as may be provided otherwise in this act or by succeeding acts of the Legislature. Said board shall exercise such authority and perform such duties as may have been delegated heretofore to the state board of regents, to the state board of education as now constituted, to the state school book commission, and to the state vocational board, subject however to the provisions of this act and of succeeding acts of the Legislature. The state board of education shall employ the president or principal and the professors, teachers and other employees of each of the institutions named in this section, and shall fix the yearly or monthly salary to be paid to each person so employed, to be approved by state board of control according to law.

Sec. 8. Training of Teachers. The training of teachers in the State shall be under the general direction and control of the state board of education, which shall through the state superintendent of schools, exercise supervisory control over the state normal schools and such other institutions named in section seven of this act as may be charged with the duty of training teachers, and over normal training high schools. Said board shall also exercise supervisory control over the teacher training departments of all private or denominational schools which offer courses for the training of teachers, or which maintain classes or departments therefor.

The state board of education shall make rules and regulations for the classification and standardization of all schools in the state, and shall determine the minimum standards for the conferring of degrees and the granting of diplomas. No institution may grant any diploma or confer any degree on any basis of work or merit below the minimum standard prescribed by the state board of education.

Any institution doing work equal to the minimum standard shall be authorized to grant such diplomas or degrees as shall be appropriate to its class, such authorization to continue so long as the institution maintains the standards set. All educational institutions whose degrees or diplomas were for the school year ending in June, one thousand nine hundred and eighteen, recognized by the state board of education in the granting of teachers' certificates or otherwise, shall be rated as approved institutions and shall continue to hold that distinction so long as they measure up to the minimum standard for institutions of their respective classes.

It is further provided, however, that nothing contained herein shall infringe upon the rights granted to any such institution by charter given according to law previous to the passage of this act. It is **provided further**, that hereafter no charter or other instrument containing the right to confer degrees or to issue diplomas can be granted by the State of West Virginia, to any institution, or other association or organization, either within or without the State, until the condition of conferring such degrees or issuing of such diplomas have first been approved in writing by the state board of education.

Sec. 9. Shall Prescribe Minimum Standards for Courses of Study. The state board of education shall prescribe minimum standards of the courses of study to be offered in elementary schools, high schools, vocational schools, and in all other kinds, grades, and classes of schools, or departments thereof, which may now or hereafter be maintained in the State in whole or in part from any state fund or funds; **provided, however**, that the courses of study in the state educational institutions shall be prepared by the faculties, teachers, or other constituted authority thereof, and shall before going into effect be submitted to the state board of education for its approval.

It is approved that the basic language of instruction in the common school branches in all schools, public and private and parochial, shall be in the English language only.

Sec. 10. Plans for School Buildings Shall Be Approved. The state board of education shall have authority to require the plans and specifications for any and all school buildings to be erected in school districts and in independent school districts having a population of less than five thousand (5,000) shall be submitted to said board or its agent for approval. It shall be the duty of the state board of education to see that all such plans and specifications comply with all the requirements of law relating to the erection of school buildings.

Sec. 11. Shall Adopt Text-Books. The state board of education shall adopt text-books for uniform and exclusive use in the public schools of the State, except as hereinafter provided, such adoptions to be made subject to the following restrictions and provisions:

(a) By written request or otherwise the state board of education shall ask various publishers of text-books in the United States to submit samples and prices of text-books on all subjects required to be taught in the schools of the State. All bids or proposals shall be under seal, and each bidder shall deposit in the state treasury such sum of money as said state board of education shall designate, such deposit to be not less than one thousand dollars (\$1,000) nor more than three thousand dollars (\$3,000); and said deposit shall be forfeited to the general school fund, if such bidder shall fail or refuse to make and execute such contract and bond as are herein required in case of the acceptance of all or a part of his bid, and otherwise shall be returned to said bidders after contracts have been made.

(b) All bids shall be opened by the state board of education in executive session. After considering the subject matter, printing, binding, general suitableness and prices of books submitted, said board shall on or before the first Tuesday in May, one thousand nine hundred and twenty-two, and every fifth year thereafter adopt one book, or one series of books, and only one on each subject required to be taught in the elementary schools for uniform and exclusive use in the free schools of this State, except in classified high schools and in towns and cities which have a population of thirty-five hundred or over. All bids submitted at such session shall be made a matter of public record by showing the same by separate items on the record book of the board. At any adoption the affirmative votes of five members of the board shall be required to change any book or series of books; *provided, however*, that not more than thirty per cent of the subjects required by law to be taught in the elementary schools shall be changed in any five-year adoption, unless further changes be necessary to protect the state against unfair prices or discrimination by the publishers of the books in use. When selections and adoptions of books have been properly made, it shall be the duty of the state board of education to execute contracts therefor with the publishers thereof for a period of five years, beginning July first following, each publisher being required to enter into bond of not less than ten thousand dollars (\$10,000) to be approved by the state board of public works. Such contracts shall be prepared by the attorney general in accordance with the terms and provisions of this act, and shall be executed in duplicate, one copy held by the contractors and one by the state superintendent of schools. Should any successful bidder fail to contract or, if for any cause any goods or books adopted cannot be secured, the state board shall proceed at once to the selection and adoption of other books in lieu thereof. The State of West Virginia shall not be liable in any sum on account of any contract made in pursuance of the provisions of this section. It is expressly provided, however, that nothing contained herein shall impair the contracts now in effect between the state school book commission abolished by section sixteen of this act and the publishers of uniform text-books now adopted and in use in the public schools of the State.

(c) If any publisher or contractor furnish to this State any book

of like binding, material and workmanship at a higher price than the price at which said publisher or contractor furnishes the same book to any other state, county, city or other school unit in the United States, like conditions prevailing, the state board of education shall require such publisher or contractor to make a like reduction of such price in this State, under penalty of cancellation of contract for any such book.

(d) It shall be the duty of the state board of education to fix prices at which the various books adopted shall be sold to patrons, the excess of which above contract price shall represent the profit to the retailer; but in no case shall such profit exceed twenty per cent of the contract price. The state superintendent of free schools shall notify each county superintendent of the list of books adopted and prices at which they are to be sold and any person selling such books at a higher price than that fixed by the state board of education shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than ten dollars nor more than fifty dollars. The books furnished during the contract period shall be equal in all respects to the sample copies furnished the said board; and it shall be the duty of the state superintendent of free schools to carefully preserve in his office as the standard of quality, sample copies of all books contracted for.

(e) It shall be the duty of each contractor at his own expense to place with responsible dealers, in no fewer than three magisterial districts in each county, at least two weeks before the beginning of school in any district in the county where such books are used, a sufficient number of books to supply the demand. He shall also arrange for the exchange of books at such places, allowing pupils or boards of education an exchange price as liberal as granted on the same books to any city, county, or state in the United States, like conditions prevailing. The exchange privilege shall extend through one entire school year, and the dealer making the exchange shall be allowed by the contractors ten per cent of the cash proceeds of same. Nothing in this act is to be construed as preventing the use of supplementary readers; **provided**, they do not displace the adopted readers, nor the use of more advanced books in such schools as may be ready for the same.

Sec. 12. Gifts and Bribes. Any member of the state board of education who shall receive, solicit or accept any gift, present or thing of value to influence him in his vote for the adoption of books, or any person who shall either directly or indirectly give or offer to give any such gift, present or thing of value to any member of said state board of education to influence him in voting for the adoption of books shall be guilty of a felony, and upon conviction thereof shall be punished by confinement in the penitentiary of this state not less than one year nor more than three years.

Sec. 13. Shall Make Rules Governing Purchase, Distribution and Care of Text-Books. The state board of education shall make rules governing the purchase, distribution, use and care of all free text-books used in the public schools of this State.

Sec. 14. Shall Make Rules. Subject to and in conformity with the state constitution and the laws of the State, the state board of education shall determine the educational policies of the state and shall make rules for carrying into effect the laws and policies of the state relating to education, including rules relating to the physical welfare of the pupils, the education of feeble-minded and physically disabled or crippled children of school age, retirement fund for teachers school attendance, evening and continuation or part-time day schools, school extension work, the classification of schools, the issuing of certificates upon credentials, the purchase, distribution and care of free text-books by the district board of education, the general powers and duties of county and district boards of education, and of school trustees, teachers, principals, supervisors and superintendents and such other matters pertaining to the public schools in the state as may seem to the board to be necessary and expedient.

The state board of education is hereby authorized and empowered to accept for the State of West Virginia any appropriations of money for the removal of illiteracy, the teaching of immigrants, and other educational purposes that may hereafter be made out of the federal treasury by any act or acts of congress, and shall be constituted the chief state educational authority for the expenditure and administration of any such funds. Said board shall have authority to make rules and regulations for the expenditure of such funds, such expenditure to be in accordance with the terms of the acts of congress making such appropriations. The treasurer of the State is hereby designated as custodian for all funds received as apportionments under the provisions of any such act or acts of congress.

Sec. 15. Shall Exercise Other Authority. The state board of education shall exercise such other authority and perform such other duties as may be delegated to it by this act and by succeeding acts of the Legislature.

Sec. 49. Shall Provide School Sites. The board of education of every district and independent school district shall provide by purchase, condemnation or otherwise, such lands as may be necessary for school buildings, playgrounds, experiments in agriculture, and other educational purposes, and shall have authority to make the necessary expenditures for the improvement of such lands.

If the owner or owners refuse to sell any land selected by a board of education or a county superintendent as a location for a schoolhouse and other necessary buildings, or for enlarging a school house lot, or for any other educational purpose, or if such owner demand an unreasonable price therefor, or is "non compos mentis," a "femme couverte," a minor, or a non-resident, the board of education may petition the circuit court to have such land condemned, and such proceedings shall thereupon be had in the name of such board for the condemnation thereof, as provided for in chapter forty-two of the code of West Virginia; **provided**, that the land so taken shall not exceed in quantity five acres.

In the event said board cannot agree upon the location or plans of any proposed school building said county superintendent shall select the location and the plan for such building.

It is further provided, that proposed repairs upon old buildings or the remodeling of the same, costing in excess of two hundred dollars (\$200.00) for any building, shall not be made by a board of education, except in independent districts, without the written approval of the county superintendent of schools; and that no purchase of school furniture, fixtures, equipment, library books or supplies costing in excess of fifty (\$50.00) dollars shall be made by such board of education without the written approval of said superintendent.

Such schoolhouses shall be provided with furniture, fixtures, and such other apparatus and equipment as are supplied to schoolhouses generally, and an equitable amount of the cost thereof shall be apportioned to each district affected by such union, and the same shall be paid by each board in the manner of payment of other school expenses within its own district.

Sec. 52. Bond Required from Contractors. Boards of education shall in all cases require persons entering into contract for the building or repairing of schoolhouses where the contract price exceeds one hundred (\$100.00) dollars to execute bond, with approved security, in double the amount of the contract price.

Sec. 53. May Appoint Trustees. Boards of education may, at their discretion, appoint one school trustee for each of the sub-districts, in their districts, or for any one or more of such sub-districts, to be custodian of the school properties therein. *Refers to section forty-nine.

first regular meeting in any year commencing with the school year, beginning the first day of July, one thousand nine hundred and nineteen, appoint as trustee for each such sub-district a responsible citizen thereof, for a term of one year from the date of his appointment. Said district board may at any time for neglect of duty or for other good cause, remove any trustee so appointed by serving notice upon him of his removal, and may appoint his successor for the unexpired term. **Provided, however,** that nothing herein shall prevent a board of education from appointing three trustees for each sub-district in its district, who, when appointed, shall be the custodians of the school property therein, and who shall have the authority to appoint and contract with teachers in their respective sub-districts, but such appointments shall be made at a meeting to be held on the third Monday in July of each year, or as soon thereafter as practical, and under the conditions provided by law for contracting with teachers.

At their meeting on the first Monday in July, one thousand nine hundred and nineteen, the board of education, if it exercise the authority to appoint three trustees, shall appoint one for a term of one year; one for a term of two years; and one for a term of three years; who shall hold their offices until their successors are appointed and qualified. After the expiration of said terms all appointments shall be made for a term of three years; but nothing herein shall prevent a board of education from exercising the right to appoint trustees at their meeting on the first Monday in July of any subsequent year.

The trustees so appointed shall exercise the same right and authority over their respective sub-districts as is exercised by the board of education when no trustees are appointed therein, but shall be subject to removal by the board of education at any time for neglect of duty or misconduct in office. The act of removing any trustee by a board of education as aforesaid shall be final. A school trustee shall be under the immediate direction of the board of education of his district, or of its authorized executive officer. He shall receive no salary or other emolument in recognition of his services as school trustee, but if while performing any duty imposed upon him by an order of the board of education of his district, when such order is in conformity with the orders of the board, he incurs any expense to himself, he shall be reimbursed therefor out of the building fund of the district, and if he is required to perform any labor by orders of the board he shall be allowed a reasonable compensation for the time actually and necessarily spent at such labor. Said board shall also have authority to appoint janitors for school buildings and to pay such janitors out of the building fund an amount not to exceed two dollars (\$2.00) per week for each class room in use in such building. It is **provided, however,** that the maximum of two dollars per week for janitors service shall not apply in independent districts or in graded and high schools of more than four rooms.

Sec. 54. Minimum School Term—Board May Extend Same The board of education of every district and independent district shall provide in the schools of its district a minimum school term in each year as follows: In the year 1919-1920, one hundred twenty days; in the year

1920-1921, one hundred thirty days; in the year 1921-1922, one hundred forty days; in the year 1922-1923, one hundred fifty days; in the year 1923-1924, and thereafter, one hundred sixty days. It is **provided, however**, that the board of education of any district or independent school district shall have authority to extend such minimum school term in any year for as many days in addition thereto as the board may determine. It is provided, further, that if the proceeds of the regular levies authorized by law are insufficient to enable the board of education of any district to extend the term of school for a longer term than the minimum herein provided, such board may at any general election or at a special election submit to the qualified voters of the district the question of laying an additional levy for such extension of the school term, and if petitioned so to do by at least fifty tax-payers in any district, the board of education shall submit the question of such additional levy. If at any such election a majority of the votes cast on the question are in favor of such additional levy, it shall then be the duty of the board of education to make such extension and to lay on all the assessed valuation of property in the district such additional levies as may be necessary to pay the additional cost of the same. The term of school fixed by such election shall continue from year to year so long as a majority of the votes cast at the election at which the question of "school levy" is submitted, be in favor of such "school levy," or until the term so fixed shall be changed by a majority vote of the people in such district. The schools shall be open to all youth between the ages of six and twenty-one for the full length of the school term provided in their district.

Sec. 55. Salaries for Teachers—Board Shall Fix Same. Boards of education shall have authority to fix special schedules of salaries to be paid to superintendents, principals, supervisors, and all other employees who are not employed as teachers; and, to fix the salaries of teachers.

Basic salaries shall be uniform throughout the district for teachers holding similar credentials; and, advanced salaries shall be uniform throughout the district for teachers in the same classifications as to experience as determined by this act and holding similar credentials.

Provided that boards of education may fix a higher rate of salary than the rates provided herein for teachers who do six weeks' approved work during the vacation period in an approved school or secure coupons of credit or other marks of advancement that are, in the opinion of the state board of education, equivalent to the training received by such school attendance, and for first grade teachers who teach one-room rural schools.

And, provided, further, that boards of education in fixing the salaries of teachers in independent districts and in incorporated towns and cities and in high schools and junior high schools shall determine the rates

of salaries to be paid such teachers without regard to the limitations and regulations set out in the foregoing paragraphs of this section.

In determining the number of regular terms of school a teacher has taught, boards of education shall credit as regular teaching, service in the United States army and navy in the world war, and active work in educational positions other than teaching, but no teacher shall be given credit for teaching more than one regular term in any school year.

All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

Sec. 56. May Appoint District Supervisors. The board of education of every district in the state shall have authority to appoint for its district a district supervisor of schools and to fix his salary. The salary of a district supervisor shall be paid monthly out of the teacher's fund of the district. Said board may, subject to the written approval of the county superintendent of schools appoint one or more assistant district supervisors in districts in which fifty or more principals and teachers are employed.

Provided, further, that the board of education of any district may employ a district supervisor for as many months longer than the regular school term as may be necessary for him to supervise the construction of new buildings, the repairing of old buildings, the improvement of school grounds, and to do such other work as may be approved by the board. Said board may also co-operate with the extension division of the collage of agriculture of West Virginia university in employing the district supervisor or another person as agricultural club agent for the organization and direction of boys' and girls' agricultural clubs in the district; but any district supervisor so appointed shall be under the authority and direction of the board of education of the district and he shall in no case neglect the work of supervising the schools and of performing his other duties as district supervisor. It is **provided, further,** that two or more districts in the same county or in adjoining counties may appoint a district supervisor jointly, the apportionment of the salary and of the time of such supervisor to be arranged according to the number of schools in each district.

Commencing with the year one thousand nine hundred and twenty and one thousand nine hundred and twenty-one, no person shall be eligible for appointment as district supervisor who does not hold a valid supervisor's certificate or its equivalent as defined by the state board of education and who is not also a graduate of a standard normal school or who has not had other academic and professional training approved by the state board of education as equivalent in all respects to graduation from a standard normal school; **provided,** that any person holding a first grade teacher's certificate, who has had successful experience in supervising schools, and who shall attend a state normal school, or some other school approved by the state board of education, for a period of six weeks in each year, may upon the recommendation of the

state board of education, be granted by the superintendent a provisional license to act as district supervisor, and **provided, further**, that the holder of a life certificate shall be eligible for appointment as district supervisor.

The district supervisor shall be the executive officer of the board of education of his district. He shall make such reports as the state superintendent of schools may require.

Sec. 57. Shall Appoint Teachers. The board of education shall on or before the first Monday in July in each year, if practicable, appoint the principals and teachers for all the schools in the district and shall fix their salaries as provided by section fifty-six* of this act. All such appointments shall be in writing according to the form of contract to be furnished by the state superintendent of schools and all such contracts, together with the certificates of the appointees, shall be filed with the secretary of the board.

The board of education of any district or independent district may suspend or dismiss any principal or teacher so appointed, for immorality, incompetency, cruelty, insubordination, intemperance or wilful neglect of duty, provided that the charges be stated in writing and that the teacher be given an opportunity to be heard by the board upon not less than ten days' notice and provided that in all cases when the board is not unanimous in its decisions to suspend or dismiss, the principal or teacher so suspended or dismissed shall have the right of appeal to the state superintendent of schools. It is provided, however, that any teacher who enters into a contract with a board of education to teach in a public school and who fails to complete the term of such contract, unless prevented from doing so by personal illness or other just cause, or unless released from such contract by said board, shall be disqualified to teach in any other public school in the State during the term of such contract.

which such school is closed shall be counted as if taught in determining whether a school has been maintained for the minimum term, and the teacher of such school shall not be compelled to make up such lost time provided he held himself in readiness to teach, subject to the order of the board.

In making contracts with teachers or other employees of the board, it shall be understood that schools are not to be kept in operation for instruction on any Saturday or on the following days which are hereby named and designated as school holidays, namely: The Fourth of July, commonly called Independence Day; the last Thursday in November, commonly called Thanksgiving Day; the twenty-fifth day of December, commonly called Christmas Day; any day on which a general election is held throughout the State; and any day appointed and set apart by the president or the governor as a day of special observance by the people of the State.

But schools shall be assembled for instruction on Washington's Birthday and shall devote a portion of the day to exercises commemorating the life and services of the "Father of Our Country." Schools may also be assembled for instruction on such days as Arbor Day, Labor Day, Memorial Day, the birthday of Abraham Lincoln, Armistice Day and other special days and devote a portion of the day to appropriate ceremonies, but on such special days the school must be kept open for the entire school day to entitle the teacher to pay for that day.

Said board shall have authority to close any schools which may be unnecessary and to assign the pupils of such schools to other schools, and to consolidate two or more small schools into central graded schools to be known as "consolidated schools," and to provide a building with all necessary equipment therefor. Said board shall also have authority to provide at public expense for the transportation of pupils to and from such consolidated schools, or other schools where transportation of pupils may be necessary; *provided*, that such transportation shall be in accordance with the rules and regulations of the state board of education relating thereto. It is *provided, further*, that said district board of education may close any elementary school whose average daily attendance falls

below ten pupils for two months in succession, and shall thereupon direct the pupils affected thereby to attend, if possible, another school or other schools in the same or in adjoining districts or independent districts, whether in the same or in adjoining counties, and the teacher of any school so closed or abandoned shall receive no further compensation as teacher of such school. It is provided, also, that whenever any child or group of children of school age shall, by reason of the provision of this act, or for any cause whatsoever, be without opportunity to attend a free school as provided by law, within two miles of their homes by the shortest available road or path, the board of education of the district in which such child or group of children reside, may employ such means as to the board may seem best to provide educational opportunities to such child or group of children, and may expend for such purpose an amount not to exceed the proportion of all the school funds of the district that such child or group of children would be entitled to receive, if all such funds were distributed equally among all the children of school age in the district upon a *per capita* basis, such expenditure to be made according to such rules and regulations as the said district board may make therefor.

Section 58-a. Any one-room school or consolidated school wholly without an independent district which meets the requirements as hereinafter provided for shall be designated as standard school.

It shall be the duty of the state board of education to fix the requirements for the standardization of one-room schools and consolidated schools, and it shall be the duty of the state superintendent of schools to publish requirements, to which shall be attached a copy of section fifty-eight-a of the school law, and send them to the district boards of education, county superintendents and other school officers.

Sec. 59. **Transfer of Pupils—Tuition.** The board of education of every district and independent district shall determine what schools in its

district the pupils shall attend. But upon the written request of any parent, guardian or other person legally responsible for any pupil or pupils, the board of education may transfer such pupils to another school in the district, or to a school in an adjoining district or independent district, if it can be shown that such pupils would be better accommodated at such other school. Any person aggrieved by the action of a district board of education regarding such application for transfer of pupils may appeal to the county superintendent of schools, whose decision shall be final.

Transfers of pupils from one district or independent district to another, whether in the same or in adjoining counties shall be made by the board of education of the district in which the pupil or pupils desiring to be transferred reside, and the same shall be subject to the approval of the board of education of the district or independent district in charge of the schools to which such pupil or pupils wish to be transferred. hygiene, United States and West Virginia history, general and West Virginia geography, civil government, theory and art of teaching, elementary agriculture, and such other subjects as the state board of education shall from time to time prescribe.

It is **provided, however**, that on and after the first day of July, one thousand nine hundred and twenty-two, applicants for the first grade elementary certificate shall, in addition to the foregoing, be required to satisfy the following conditions as to academic and professional attainments, that is to say:

(1) After the first day of July, one thousand nine hundred and twenty-two, applicants for first grade certificates shall have had at least one year of high school work and nine weeks study of professional subject.

(2) After the first day of July, one thousand nine hundred and twenty-four, applicants for first grade certificates shall have had at least two years of high school work and eighteen weeks study of professional subjects.

The state superintendent of free schools shall, at the time for holding regular examinations, hold examinations on subjects included in the normal training high school course of study and shall keep a record of the grades obtained in such examinations in his office. Such grades shall be accepted in lieu of grades obtained by school attendance in satisfaction of the requirements of this section.

The state board of education may prescribe other equivalents and substitutions which shall be accepted in satisfaction of the foregoing requirements for high school and professional work.

The state superintendent of free schools shall have authority to issue normal school certificates valid for five years to graduates in the standard normal course of any state normal school, or other school approved for the offering of this course, to graduates in the normal course of the Bluefield colored institute and of the West Virginia collegiate institute, and to persons who have completed a normal course of study in any school of another state, which in the judgment of the state board of education, is equivalent in all respects to the standard normal course of study in the state normal schools of this state.

The state superintendent of free schools shall have authority to issue a temporary second grade certificate to a graduate of a first class high school or of a school of equal grade who meets the general certificate requirements in the school law. He shall also have authority to issue a first grade temporary certificate to such person on the presentation by the applicant of evidence of having done satisfactory work in educational subjects in an approved school for not less than six weeks. An applicant for a temporary certificate shall present the recommendation of the principal or superintendent of the school from which such ap-

plicant graduated. All temporary certificates shall expire on the thirtieth day of June following the issuance thereof.

Any person who has held a temporary certificate on the conditions stated above may receive another temporary certificate by submitting to the state superintendent of free schools evidence of having done satisfactory work in educational subjects in an approved school for at least six weeks since the issuance of his last temporary certificate and of having met the other conditions set forth above.

Until the first day of July, one thousand nine hundred and twenty-two, first grade elementary certificates shall be valid in all the schools of the state, and thereafter they shall be valid in elementary schools and junior high schools. Second grade and third grade elementary certificates shall be valid in all the grades of the elementary schools, *provided*, that no person shall be employed as principal of any school of two or more rooms in the same building who does not hold a first grade certificate or its equivalent.

Sec. 105 High School Certificates. High school certificates valid for a period of five years shall be issued by the state superintendent of schools to applicants who have passed a satisfactory examination upon ten subjects to be designated by the state board of education.

The state superintendent of schools shall have authority to issue the high school certificate valid for five years, upon application in due form, to graduates of the West Virginia University, and to graduates of other approved colleges and universities, in this and other states; *provided*, that the collegiate courses of instruction completed by such graduates have included not less than twenty semester hours in professional subjects and, *provided, further*, that each high school certificate issued under the provisions of this act shall show the subject or subjects the holder thereof is especially qualified to teach.

High school certificates shall be valid in all high schools and elementary schools in the State; and after the first day of July, one thousand nine hundred and twenty-two, they shall be required in all classified high schools.

Sec. 106. Supervisor's Certificates. Supervisor's certificates valid for a period of five year shall be issued by the state superintendent of schools to applicants who have taught not less than two years on a first grade certificate, or who have had other experience which the state board of education regards as equivalent to two years of teaching, and who have passed a satisfactory examination upon such subjects as shall be designated by the state board of education.

The state superintendent of schools shall have authority to issue the supervisor's certificate valid for five years, upon application in due form to graduates of the West Virginia University, or other approved universities or colleges and to graduates of the state normal schools or other institutions approved by the state board of education for the offering of the diploma normal course; *provided*, the course of instruction completed by such graduates shall have included not less than twenty semester hours in professional subjects, five semester hours of which shall have

been in the subject of school supervision. Supervisors' certificates shall be valid in all schools of the State.

Sec. 107. Short Course Certificate. The state superintendent of schools shall have authority, upon application in due form, to issue without examination the short course certificates, valid for a period of three years, to persons who are otherwise qualified and who have completed the short course in any of the state normal schools or other schools approved by the state board of education for the offering of this course, the short course in the West Virginia collegiate institute and the Bluefield colored institute, the normal training course in high schools that have been approved by the state board of education.

Such short course certificates shall be valid in the elementary and junior high schools in the State, and in the payment of salaries shall be considered as first grade certificates.

Sec. 108. Special Certificates. The state superintendent of free schools shall have authority, upon the recommendation of the state board of education, to issue special certificates to librarians, kindergarten teachers, primary teachers, and special teachers and supervisors of music, drawing, physical training, home economics, manual training, agriculture, and other vocational subjects, and such other subjects as the needs of the school may require.

Special certificates may be issued upon examination or upon the satisfactory completion by the applicants therefor, of such courses of study as may be approved by the state board of education for the issuance of such certificates.

Special certificates shall be valid throughout the State for the teaching or for the supervising of the special subjects to be designated on such certificates.

Sec. 109. Emergency Certificates. Emergency certificates may be issued by the state superintendent of schools in accordance with the rules and regulations made therefor by the state board of education. Such certificates shall not be issued more than once to the same person, they shall be valid only in the county designated in the certificate, and they shall not be valid after the thirtieth day of June following the date of their issue. The grade of any such certificate shall be determined by the state superintendent of schools and the same shall be indicated on the face of the certificate.

Sec. 110. Credit for Grades Made in School. Nothing hereinbefore contained shall prevent the state superintendent of schools from accepting in lieu of an examination in any subject or subjects required for the granting of any certificate herein provided for, a satisfactory grade or grades made by the applicant in such subject or subjects in an approved college, normal school, or first class high school; *provided*, that such grade or grades have been given by such college, normal school or first class high school upon the satisfactory completion of not less than one year's work or the equivalent thereof, in each subject in which such substitution of grade is sought.

All certificates issued for a period of five years or longer, shall be

considered first grade certificates as to renewal and payment of salaries.

Sec. 111. **Renewal and Re-Instatement of Certificates.** All first grade certificates, normal school certificates, high school certificates, supervisors' certificates and special certificates, issued after July first, one thousand nine hundred and twenty-two, shall upon their expiration or within the year immediately following, be renewable for five year periods; provided, that the holders thereof shall have been actively engaged in educational work for not less than three years of each five-year period, shall take six weeks training in an approved normal school, or pass an examination on two reading circle books, for the first renewal, and be recommended for such renewal by the county superintendent of schools of the county where the certificate was issued, or where the teacher holding such certificate has taught.

At the termination of the first renewal period of any first grade certificate issued after one thousand nine hundred and twenty-two, the holder thereof shall be granted a renewal for a period of five years upon the condition that he has taught or been otherwise engaged in school work for three years of the five-year period, and is recommended for renewal by the county superintendent of the county where he resides or has been teaching.

At the end of the second renewal period, the holder of any certificate of the first grade, issued after one thousand nine hundred and twenty-two shall receive a similar certificate valid for life, if he has taught or been otherwise actively engaged in school work for three years of the preceding five-year period. Certificates of the first grade which have been issued, or which shall be issued prior to July first, one thousand nine hundred and twenty-two, shall be renewable as follows:

First renewal on condition that the holder has taught or been actively engaged in school work for three years during the preceding five year period and is recommended for such renewal by the county superintendent where he resides or has been teaching. At the end of the first renewal period it shall be renewed on recommendation of the county superintendent and passing an examination on two books of the reading circle course or six weeks training in an approved normal school.

At the end of the second renewal period the holder of any certificate of the rank of first grade shall be issued a similar certificate valid for life, if he has taught or been otherwise actively engaged in school work for three years during the life of the certificate, and is recommended for such renewal by the county superintendent of his county.

In any case where any person has held a first grade elementary certificate granted under the laws of this state governing uniform examinations or a normal school certificate, a high school certificate, a supervisor's certificate, or a special certificate granted in accordance with the provisions of this act, and has permitted the same to lapse, such person may apply to the state superintendent of free schools for reinstatement of said certificate.

The applicant shall furnish with said application a statement signed by the county superintendent of schools of the county in which he resides to the effect that the applicant is a person of good moral character,

is apparently in good health, is a suitable person to be intrusted with the care and education of children and bears the reputation of having been a successful teacher. If in the opinion of the state superintendent of free schools, such applicant is a suitable person to be intrusted with the care and education of children and has been successful in the work of teaching, such certificate shall be re-instated in such manner as to replace said applicant in the relative position he held as to certificate rights on the thirtieth day of June following the close of the last term of school taught on such certificate.

In any case where any person has held a short course certificate such certificate shall be renewable for three year periods thereafter, provided the holder shall have taught, or shall have been otherwise actively engaged in school work for two years of the preceding three year period.

All acts and parts of acts inconsistent with this act are hereby repealed.

Sec. 112. *Revocation of Certificate.* The state superintendent may, after ten days' notice and upon proper evidence, revoke the certificate of any teacher for drunkenness, untruthfulness, immorality, or for any physical, mental or moral defect which would render him unfit for the proper performance of his duties as a teacher, or for any neglect of duty or refusal to perform the same or for any other cause which would have justified the withholding of a certificate when the same was issued.

Any county superintendent who knows of any immorality or neglect of duty on the part of any teacher shall report the same, together with all the facts and evidence, to the state superintendent for such action as in his judgment may be proper.

TEACHERS' INSTITUTES—COUPONS OF CREDIT

Sec. 113. *Time and Place of Holding Teachers' Institutes.* As a means of improving the teachers and fitting them for more effective service in the schools of the State, teachers' county institutes shall be held annually throughout the State, one or more in each county, at such times and at such places as the state superintendent, with the advice of the county superintendent, shall direct, and such institutes shall continue each for one week of five days. It is provided, however, that the state superintendent may vary the nature of instruction in such institutes, and may arrange the time and duration of the same in such way as to promote the best interests of the schools.

Sec. 114. *Attendance Upon Institutes.* Every person employed as a teacher in the schools of this State shall be required to attend a county teachers' institute, or such other teachers' meeting as the state superintendent of schools shall prescribe for his group of teachers or kind of work, for at least five days in each year, or for the number of days more or less than five as may be prescribed by the said superintendent.

The county superintendent of schools may excuse, if requested, from attending the teachers' institute any teacher who has been in attendance for at least six weeks after January first of the year in which such excuse is sought, at a standard college, university, or state normal school, or other approved school, and who presents to said county superintendent a

statement signed by the principal or president of the school showing what branches have been pursued and that the required work has been satisfactorily completed. The state superintendent of schools shall determine what schools shall be recognized and the nature and amount of work which shall be accepted by said county superintendent in carrying out the provisions of this section. For such institute attendance the teacher shall be paid two dollars and fifty cents (\$2.50) a day for not to exceed five days in any one year, such compensation to be paid out of the teachers' fund of the district at the end of his term of school. Teachers whose schools have been discontinued for any legal cause shall receive such portion of the total per diem as the number of months actually taught bears to the number of months in the school term provided for the district.

It shall be the duty of the county superintendent to see that teachers who do not attend institute or who have not been legally excused are not allowed to teach in his county during any year in which such failure occurs.

Sec. 115. Filing of Certificate. It shall be the duty of each teacher to file with the secretary of the board of education of the district in which he is employed, before the opening of his school, a certificate of institute attendance or an excuse therefrom signed by the county superintendent of schools.

If the county institute is held after the opening of his school, the teacher shall file his certificate of attendance within ten days after the close of the institute.

Sec. 116. Instructors. The institute shall be conducted by experienced and skillful instructors appointed by the state superintendent of free schools, but it shall be a part of the duty of the county superintendent under the instructions of the state superintendent, to make all arrangements for the institutes and to assist in conducting them.

Sec. 117. Pay of Instructors. The instructors appointed by the state superintendent shall be paid for their services and expenses out of the general school fund on the order of the state superintendent; provided, that the amount expended for teachers' institutes in the State for any year shall not exceed the amount appropriated by the Legislature for that purpose.

Sec. 118. Enrollment Fee. Every teacher enrolled in a county teachers' institute, or other teachers' meeting conducted in lieu thereof, shall pay an institute fee of one dollar and twenty-five cents (\$1.25), two-fifths of which may be used by the county superintendent of schools for incidental expenses and for the betterment of the institute, and the other three-fifths of said fee, together with any remainder of said two-fifths allowed for incidental expenses, shall be remitted by the county superintendent of schools to the auditor of the State to be paid into the state treasury to the credit of the general school fund. An account of said expenses shall be submitted to the institute during its session for approval or disapproval. If any county superintendent of schools shall fail within a reasonable time to remit said portion of the institute fees in his county

to the auditor, it shall then be the duty of the auditor to withhold payment of the salary of such county superintendent until such remittance has been received.

Sec. 119. Report to be Made. The county superintendent of schools shall, within five days after the close of the institute, forward to the state superintendent of schools a certified list of all persons enrolled in the county institute, giving the exact time each teacher was in attendance. Said county superintendent shall also forward to the state superintendent a certified statement of the receipts and expenditures as approved by the institute as provided in section one hundred twenty-one of this act, together with the receipts of all the money expended.

Sec. 120. District Institutes. As a further means of improvement among the teachers, the county superintendent, or the district supervisor, with the consent of the county superintendent, shall arrange for and conduct district or joint district institutes, one or more for each district of the county within the school year. The county superintendent may also approve the attendance of the teachers employed in his county at a teachers' round table. Attendance upon district institutes or teachers' round tables as herein provided may be substituted for an equal amount of teaching at the discretion of the county superintendent, who shall report to the secretary of the board of education the attendance approved by him.

Sec. 121. Reading Circles—Coupons of Credit. Teachers shall be encouraged to form reading circles for the purpose of pursuing courses of study in professional subjects, and it shall be the duty of the state superintendent to prescribe a course of study on the said subjects, to provide for examining those who completed the said course and to issue certificates of merit to such persons as pass satisfactory examinations thereon.

The state superintendent of schools may also outline additional professional work and projects for teachers and issue coupons of credit, good only for the school year in which they are issued, to such teachers as complete such professional work or project satisfactorily. Such coupons when signed by the state superintendent and by the county superintendent shall entitle the holder thereof to one dollar a month additional salary for each coupon so held, payable by the district or independent district board of education at the expiration of the school term out of teachers' fund of such district.

COMPULSORY ATTENDANCE

Sec. 122. Age—Time—Misdemeanor. Every person who has legal or actual charge of a child or children not less than seven nor more than fourteen years of age shall cause such child or children each year to attend a free day school for the full school term of the district or independent district in which such person resides; **provided, however,** that such person shall be exempt from the foregoing requirement for any of the following causes:

(a) Instruction for a time equal to that required by this act in a private, parochial or other school approved by the district board of education. The principal or other person in control of such private parochial or other approved school shall upon the request of the district board of education, furnish to said board such information as it may require with regard to the attendance and instruction of pupils between the ages of seven and fourteen years enrolled therein.

(b) Instruction for a time equal to that required by this act in the home of such child or children or elsewhere by a person or persons who are, in the judgment of the district board of education, qualified to give instruction in the subjects required to be taught in the free elementary schools of this State. The person or persons giving such instruction shall, upon the request of the district board of education, furnish to said board such information as it may require with regard to the attendance and instruction of pupils between the ages of seven and fourteen years receiving such instruction.

(c) Physical or mental incapacity for school attendance and the performance of school work.

(d) Death or serious illness in the immediate family of the pupil.

(e) Extreme destitution of parents or other person or persons in legal or actual charge of a child or children. Exemption for this cause shall not be allowed when such destitution is relieved through public or private means.

(f) Conditions rendering school attendance impossible or rendering it hazardous to the pupil's life, health or safety.

(g) Residence of the pupil at a distance of more than two miles from the nearest school by the shortest practicable road or path, unless free transportation to and from school is provided for such pupil.

(h) Observance of regular church ordinances.

(i) Other causes that are accepted as valid by the county superintendent or by the district supervisor of schools or by the superintendent of schools of an independent district.

Any person, who after due notice has been served upon him as herein-after provided, shall fail to cause a child or children in his legal or actual charge to attend school as hereinbefore provided, shall be guilty of a misdemeanor and shall upon conviction thereof before any justice of the peace be fined not less than three dollars nor more than twenty dollars, together with the costs of prosecution, or confined in jail not less than five days nor more than twenty days. Each day a child is out of school contrary to the provisions of this act shall constitute a separate offense.

Whenever a person accused of violating the provisions of this act has been tried and acquitted, the costs of prosecution shall be paid by the district board of education out of the building fund of the district.

Sec. 123. Attendance Officer—Duties. The board of education of every district or independent district shall, at its first meeting or as soon thereafter as practicable, appoint one or more attendance officers, who shall qualify as such and shall enforce the provisions of this act in the districts or independent districts in which they have been appointed to serve; provided, however, that any school trustee may be appointed to

serve as truant officer in his sub-district. Each officer so appointed shall use diligence to ascertain any due violations of this law, and when from personal knowledge or by report of complaint from any resident or teacher of the district under his supervision, he believes that any child subject to the provisions hereof has been absent from school contrary to the provisions of this act, he shall immediately give written notice to the parent, guardian, or custodian of such child that the attendance of said child at school is required, and if the parent, guardian or custodian of such child does not comply with the provisions of this act at once then such attendance officer shall make complaint against such parent, guardian, or custodian before a justice of the peace of the county; and *provided*, that for subsequent offenses in any school year no such notice shall be required. When any doubt exists as to the age of a child absent from school, the attendance officer shall have authority to require a properly attested birth certificate or an affidavit from the parent, guardian, or custodian of such child, stating the age of such child. The attendance officer shall, in the performance of his duties as such officer, have authority to visit and enter any office, factory, or business house employing children; he shall also have authority to arrest without warrant any child absent from school in violation of the provisions of this act and to place such child in the school in which such child is or should be enrolled. Said attendance officer shall be paid monthly at such rate per diem for the time actually spent in the performance of his duties as the board shall determine; but in no case shall payment for any month's services be made until the attendance officer has filed with the secretary of the district board of education the statement required by said board of education, together with a sworn statement of the number of truancy cases investigated and the time actually spent in performing such duties. When the attendance officer has faithfully performed his duties and filed the statement required, the district board of education, if satisfied that the same is just and correct, shall issue to him an order on the sheriff for the amount of his account, payable out of the building fund of the district.

Sec. 124. Secretary to Furnish Enumeration List. It shall be the duty of the secretary of the district board of education at the beginning of the school term to furnish to the teacher of each one-room school in the district a copy of the last school enumeration for the sub-district, together with the name and address of the attendance officer of the district. Such teacher shall at the opening of school and at such times as the district board of education may require, compare said enumeration list with the enrollment of the school and report to the attendance officer the names and residences of parents, guardians or custodians of children between the ages of seven and fourteen who are or have been absent from school without a legal excuse; also, the names and residences of parents, guardians, or custodians of children of compulsory school age not included in such enumeration list who are, or have been absent from school without legal excuse. The secretary of the district board of education shall furnish said enumeration list, together with the name and address of the attendance officer, to the superintendents, district super-

visors or principals of all town and city schools and to the principals of all district schools of two or more rooms and said superintendents, district supervisors, and principals shall make reports to the attendance officer concerning all cases of truancy as hereinbefore required of teachers of one-room schools.

Sec. 125. Fine for Neglect of Duty. Any school officer, district supervisor, superintendent, principal, teacher or other person upon whom a duty is imposed by this act who neglects or refuses to perform any duty or duties so imposed upon him shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than three dollars (\$3.00) nor more than twenty dollars (\$20.00) and may be imprisoned not to exceed twenty-five days.

Sec. 126. Aiding or Abetting Violations of Compulsory Attendance. Any person who induces or attempts to induce any child unlawfully to absent himself from school or who harbors or employs any child of compulsory school age while the school which he is required to attend is in session, or employs such child within the term of said school without the written permission of the county, district or city superintendent of schools shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five dollars (\$25.00) nor more than fifty dollars (\$50.00), or may be confined in jail not less than five days nor more than thirty days.

Sec. 127. Fines Collected. All fines collected under the provisions of this act shall be paid over at once by the justice to the sheriff, and by him credited to the building fund of the proper district; and every attendance officer shall make to the secretary of the district board of education and to the sheriff an itemized statement on the last day of each month of all fines imposed as provided herein.

Sec. 128. Unemployed Children over Fourteen and Under Sixteen Shall Attend School. Every child over fourteen and under sixteen years of age who is not engaged in some regular employment or business for at least six hours per day or who has not received written permission from the superintendent of schools of the city or county in which he resides, to engage in profitable employment at home, shall attend a public school day or other school day approved by the board of education of his school district or independent school district during the entire time the public schools are in session, subject to such exemptions as are provided for in section one hundred twenty-five* of this act, except that no child over fourteen and under sixteen years of age shall be exempt from school attendance as herein required for the reason that he has completed an eight-years' course of study in the elementary and grammar schools or junior high schools of the State, if a high school or other school of advanced grades is provided within two miles of his home.

Sec. 129. Each minor over fourteen years of age and under sixteen years of age who is not in regular attendance upon a public, private or parochial school or who is regularly and lawfully employed in some

†Refers to sections one hundred twenty-three to one hundred twenty-seven.

occupation of service, unless such minor has completed eight years of elementary schooling, shall attend a part-time school or class in the district in which such minor resides or may be employed. Such attendance shall be for not less than four hours per week and not more than eight hours per week for each week which such school or class is in session until the total attendance amounts to at least one hundred and forty-four hours for the school year, except that the school authorities may, subject to the approval of the state superintendent of free schools, permit any such minor to increase the number of hours per week of required attendance and decrease the number of weeks of required attendance. The attendance upon a part-time school or class shall be between the hours of eight o'clock forenoon and five o'clock afternoon. *Provided, however,* that such persons shall be exempt from the foregoing requirements for any of the causes enumerated from (a) to (i) inclusive in section one hundred and twenty-two of chapter two of the acts of one thousand nine hundred and nineteen, regular session.

The parent, guardian or other person having the custody or control of a minor who is required under the provisions of this section to attend a part-time school or class shall cause such minor to attend such school or class. A parent, guardian or other person who refuses or fails to comply with this provision of the law shall be subject to the penalties provided in section one hundred and twenty-two of this chapter.

Any person, firm or corporation employing a minor between the ages of fourteen and sixteen years shall permit the attendance of such minor upon a part-time school or class whenever such part-time school or class shall have been established in the district where the minor resides or may be employed, and upon the termination of employment of any such minor, the employer shall return within five days the employment certificate of such minor by mail to the school authorities and a person, firm or corporation employing a minor over fourteen years of age and less than sixteen years of age contrary to the provisions of this section shall be subject to the penalties provided in section one hundred and twenty-six of this chapter. A person, firm or corporation which has in its employ a minor who fails to attend a part-time school or class as required herein, shall immediately discontinue the services of such minor upon receiving from the school authorities written notice of the failure of such minor to attend such part-time school or class, and a person, firm or corporation violating this provision of law shall be subject to a fine of twenty-five dollars for each offense.

Boards of education of districts and independent districts are hereby authorized to establish and maintain part-time and evening schools and classes. The board of education in charge of the schools of each city having a population of more than ten thousand according to the United States census of one thousand nine hundred and twenty shall, commencing with the school year beginning the first day of July, one thousand nine hundred and twenty-two, establish and maintain part-time schools or classes. The board of education in charge of the school of any city, town or sub-district in which there are fifty or more minors above the age of

fourteen years and under the age of sixteen years who are not in regular attendance upon approved instruction shall, commence with the school year beginning the first day of July, one thousand nine hundred and twenty-three, establish and maintain part-time schools or classes. Such schools or classes may be established in public school buildings, in other buildings especially adapted for their operation, in manufacturing or mercantile establishments and in factories. Such schools or classes, wherever they are established and maintained, shall be under the control and management of the board of education and shall be a part of the public school system of the city or district which maintains them.

Such part-time schools or classes shall be kept in session on the regular school days and for as many hours each school year between the hours of eight o'clock forenoon and five o'clock afternoon as shall be necessary to provide the required instruction for such minors who reside in the city, town or sub-district. The course of study in such part-time schools or classes shall be approved by the state board of education.

If the board of education of any district fails to comply with the requirements of this section, the state superintendent of free schools may at his discretion withhold all or a part of any state school funds due such district in any year. The failure of any officer to enforce the provisions of this section and section one hundred and twenty-eight of chapter two of the acts of one thousand nine hundred and nineteen, regular session, shall cause such officer to be subject to the penalties prescribed in sections one hundred and twenty-five and one hundred and twenty-six respectively, of said chapter. The requirements of this section and the preceding section shall be enforced by the persons and in the manner prescribed for the enforcement of the requirements of sections one hundred and twenty-three to one hundred and twenty-seven inclusive of chapter two of the acts of one thousand nine hundred and nineteen, regular session.

All acts and parts of acts inconsistent herewith are hereby repealed.

Sec. 130. Compulsory Education of the Deaf and the Blind. Every parent, guardian or other person having control of any mentally normal minor over eight years of age who is defective in sight or hearing to the extent that he can not be benefited by instruction in the public schools, shall be required to send such minor to the West Virginia Schools for the Deaf and the Blind at Romney. Such minor shall continue to attend such schools for a term of at least thirty-six weeks each year until he has completed the course of instruction prescribed for said schools by the state board of education, or until he has been discharged by the superintendent of said schools. It is provided, however, that minors of the Negro race who come under the requirements of this section shall be placed in a separate school or schools located at such place or places as may be determined by the state board of control.

Any such deaf or blind minor shall be exempt from attendance at said schools for any of the following reasons:

1. Instruction by a private tutor or in another approved school by the

state board of education, for a time equal to that required by the first paragraph of this section.

2. Physical incapacity for school work.

3. Any other reason deemed good and sufficient by the superintendent of said schools, with the approval of the state board of education.

Any parent, guardian or other person in charge of such minor or minors who fails or refuses to comply with the requirements of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars (\$10.00) nor more than thirty dollars (\$30.00) for each offense.

Failure for the period of one week within the school year to send such minor to school shall constitute an offense; *provided*, that the time necessary for such minor to travel from his home to Romney shall not be counted as time absent from school.

Any person who induces or attempts to induce such blind or deaf minor to absent himself from school or who employs or harbors such minor unlawfully, while said schools are in session shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than twenty dollars (\$20.00) nor more than fifty dollars (\$50.00) for each offense.

It shall be the duty of school attendance officers, prosecuting attorneys and any special attendance officers appointed by the said schools for the deaf and the blind to enforce the provisions of this section.

It shall be the duty of the public school teachers of each county to furnish to the county superintendent of schools of their county the names of deaf or blind persons in their sub-districts between the ages of six and twenty-five years together with information as to the age, sex and race of each such deaf or blind person. The county superintendent of schools shall certify the names of all such persons with the names and addresses of their parents or guardians to the superintendent of the schools for the deaf and the blind at Romney.

1. By a justice of the peace of the county in which he resides on complaint under oath and due proof made to him, by the parent, guardian or other person having the custody and control of such youth, that by reason of incorrigible or vicious conduct such youth has rendered his control beyond the power of the parent, or guardian or such other person, and made it manifestly requisite that, from regard for the morals and future welfare of such youth and the peace and order of society, he shall be placed in said school.

2. By the same authority, upon complaint under oath and due proof before the justice that such youth is vagrant, incorrigible or vicious in disposition and conduct, and that his parents, guardian, or other person having custody of or authority to control him, are deprived or otherwise unfit, unwilling or unable to exercise care or discipline over such youth.

3. By the several courts of this State, as provided in the next section.

Sec. 161. Convicts. Whenever any male youth under the age of eighteen years, shall be convicted in any of the courts of this State of felony or a misdemeanor, punishable by imprisonment, the judge of said courts in his discretion, and with reference to the character of the industrial school

as a place of correction and not of punishment, instead of sentencing said youth to be confined in the penitentiary or county jail, may order him to be removed to and confined in the said industrial school, to remain until he shall have arrived at the age of twenty-one years, unless sooner discharged by the state board of control. Male youth under eighteen years of age, convicted in any of the courts of the United States for the districts of West Virginia, of any offense punishable by imprisonment, may also be received into said industrial school upon such regulations and such terms for their maintenance and support as may be prescribed by the state board of control, and assented to by the proper authorities of the United States.

Sec. 163. Proceedings for Commitment. In all proceedings before justices of the peace for commitment of youth to the industrial school under the first and second clauses of section one hundred sixty-three* of this act, the justice shall appoint some discreet and disinterested person guardian *ad litem* of such youth, whose duty it shall be to represent the interest of the youth and to see that no injustice is done him; and the guardian *ad litem* of the youth shall have the right to demand a jury of twelve men to try the truth of the charges made against the youth, and the jury shall be selected, and the trial shall be conducted in the same manner as is provided by law for the trial of criminal cases before justices by juries. And the guardian *ad litem* or the youth shall have the same right of appeal from any final decision rendered against the youth in any such proceedings, whether upon a trial by jury or otherwise, as is allowed by law in other criminal cases tried before justices.

Sec. 164. Commitment Fees. Justices, constables and jurors shall receive the same fees in a proceeding for committing a youth to the industrial school as are allowed by law for similar services in misdemeanor cases, and such fees shall be paid in like manner as fees of such officers and persons are paid in misdemeanor cases.

Sec. 165. Conveyances of Youth to School—Expense. As soon as is practicable after a youth, on any account, is committed to the industrial school the papers in the case shall be mailed to the superintendent, and such youth shall remain in the custody of the court pronouncing such commitment, until he be delivered to an officer of the industrial school, who shall be sent without delay, and duly authorized by the superintendent to conduct such youth by the most direct and convenient route

*Refers to section one hundred sixty.

to the said school; but no youth committed to the industrial school shall be lodged in any jail or lockup, if he be under the age of twelve years. The superintendent shall, in so far as is consistent with the safe conveyance of youth to the school, cause as many youths as may be committed from the same or several counties to be conducted to the school at the same time. The expense incurred in conducting a youth to the industrial school, including transportation and other necessary traveling expenses of the youth and of his conductor, shall be paid by the county court out of the treasury of the county from which the youth was committed to the school, and a written statement of such necessary expenditures, fully itemized and sworn to by the officer making such expenditures, and attested by the superintendent of the school, when presented to any county court, shall be a bill against such court, to be paid to the industrial school, and credited to that fund of the school from which the original expenditure was made; but when two or more youths shall be so conducted from more than one county, the necessary expenditure on the personal account of the conductor shall be apportioned among the counties concerned in due proportion to the mileage traveled by the youth from the respective counties.

Sec. 166. Offenses. If any person shall entice or attempt to entice away from the industrial school any youth legally committed to the same, or shall aid or abet any youth to escape from the industrial school, or shall harbor, conceal or aid or abet in harboring or concealing, any youth who shall have escaped therefrom or shall, without the permission of the superintendent, give or sell, or aid or abet any other person to give or sell, to any youth in the industrial school, whether on the premises of such institution or otherwise, any money, firearms, intoxicating drinks, tobacco, cigarettes, or other articles whatsoever, or shall in any way cause or influence, or attempt to cause or influence or aid or abet therein, any youth in the industrial school to violate any rule of the institution or to rebel against the government of said school in any particular, or shall receive by the hands of any **such** youth anything of value, whether belonging to the State or otherwise, such person shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten, nor more than one hundred dollars, or be confined not more than twelve months in the county jail, or both fined and imprisoned as aforesaid, as the court may deem proper. And the superintendent, or any of his assistants or any one authorized in writing by him, or any sheriff, constable, policeman or other police officer, shall have power, and it is hereby made his duty to arrest any youth when in his power to do so who shall have escaped from said school, and return him thereto.

Sec. 167. Transfers Between School and Penitentiary. In any case where a youth is committed to the industrial school for an offense punishable by confinement in the penitentiary and it is found by the state board of control that the industrial school is unable to benefit such youth, and that his presence is a detriment or menace to other youth in the institution, or to the general good of the school, he may be securely returned to the court which sent him, and said court shall there-

upon pass such sentence upon him as to confinement in the penitentiary as may be proper in the premises, or as it should have done had it not sentenced him to the industrial school. And the governor shall have power, when in the judgment of the warden of the penitentiary and of the superintendent of the industrial school, it is advisable, to remit the penalty of any offender under the age of eighteen years confined in the penitentiary, to a commitment to the industrial school.

Sec. 168. Payments by Counties of Costs of Detention—Reimbursement. The county court of every county shall pay into the state treasury the sum of fifty dollars a year on account of each youth from the county who shall be received in said school of the first, second or third classes mentioned in section one hundred sixty-three*. But in all cases of youth received in said school of the first class mentioned in section one hundred sixty-three*, the parent, if of sufficient means, and the guardian where the youth has sufficient estate, shall annually reimburse the county the amount paid into the state treasury, by virtue of this section, on account of such youth mentioned in the first class of section one hundred sixty-three* and the county court of such county shall have a right to recover the same of such parent or guardian in any court of competent jurisdiction.

Sec. 169. Lists of Inmates for Auditor—Application of County Funds. The superintendent of said school shall before the tenth day of January in each year, make out and certify to the auditor and the state board of control each a list by counties of all such youth as are mentioned in the preceding section, who are kept in the school during the preceding year or any part of it, showing as to each youth what part of the year he was so kept in the school, and to which class he belonged. On receiving such list the auditor shall charge to each county fifty dollars on account of each youth who was kept in such school during the preceding year, and a proportionate amount on account of each youth kept in school for any part of such year less than the whole. Any money in the treasury of the state to the credit of any such county from whatever source arising, and not appropriated to pay any other debt of the county to the State, shall be applied, so far as necessary to the payment of the sums so charged; if any sum in the treasury due the county shall not be sufficient to pay the whole amount so charged against it, such sum shall be applied as a credit on the amount charged, and the balance shall remain a charge against the county.

Sec. 170. Certification of List and Credits to County Court—Levy—Compelling Payment. Within ten days after receiving such list the auditor shall certify to the county court of such county a list of the youth from the county in such school, stating the class to which each belongs, the length of the term during the year he was in such school, as shown by the list certified by the superintendent and the amount due from the county on his account and the total amount due on account of all. He shall credit on such statement whatever amount has been applied as a payment thereon from any funds of the county in the treasury. Such statement shall be a receipt to the county for any amount so credited,

*Refers to section one hundred sixty.

and shall be a bill for any amount still appearing to be due from the county. Unless the bill shall have been paid by the application of funds of the county in the state treasury, the county court shall at its next levy term provide for the payment of the same, or such part as may not have been paid, and cause the amount to be paid into the state treasury. If the amount so due from any county be not paid in a reasonable time after such levy term, the auditor may, in the name of the State, apply to the circuit court of the county for a mandamus to require the county court to provide for and to pay the same, or he may proceed in the name of the State by any other appropriate remedy to recover the same.

Sec. 171. Parole. The state board of control shall have authority, under such rules and regulations as they may prescribe, to grant, on recommendation of the superintendent, a parole to any inmate of the industrial school; but while said inmate is on such parole, and until he is discharged according to law, he shall remain in legal custody of the board of control and subject at any time to be returned to the industrial school, if in the judgment of the board the interests of such paroled inmate will best be served thereby. The written order of said board, certified by the superintendent shall be sufficient warrant for any officer named therein to arrest and return to the school said paroled inmate, and it is hereby made the duty of any peace officer, or other person, so named, to make such arrest and return such youth to the industrial school. All actual expenses incurred in returning to the school paroled inmates shall be paid out of funds appropriated for the maintenance of the industrial school.

Sec. 172. Industrial Home for Girls—Name—Location. "The West Virginia Industrial Home" shall remain where now located.

Sec. 173. Admission. Girls eligible to be received into said home are those who are from seven to eighteen years of age, and who may be committed by any justice of the peace of this State, on complaint and due proof made to him by the parent, guardian, or next friend of such girl, that by reason of incorrigible or vicious conduct, such girl has rendered her control beyond the power of such parent, guardian or next friend, and made it manifestly best that such girl should be placed in said home, or by any criminal, circuit or intermediate court of this State. Girls may be committed for vagrancy up to eighteen years of age, or where parents, guardians, or next friends agree and contract with the state board of control for their support and maintenance, or girls up to fifteen years of age, who may be found in houses of ill fame or assignation houses, upon conviction thereof before any justice of the peace, mayor of a town or city; or girls convicted by any of the courts of this State of felony or misdemeanor, punishable by imprisonment, the judge in his discretion, instead of confining such girl in the county jail or sending her to the penitentiary, may transfer such girl so convicted to said home, from any county of this State; **provided**, there is room for such girl. Every girl committed to said home shall remain there until she is twenty-one years of age, unless sooner discharged by the state board of control.

Sec. 174. Data Accompanying Commitment—Return and Sentence. It shall be the duty of the justice of the peace, mayor or other authority, when committing any girl to said home, in addition to the commitment, to annex the name and residence of the witness examined, and the substance of the testimony given on which the adjudication was founded, as well as the name and residence of the girl, the name of her parents, and their residence, if known. Any girl who may be found incorrigible, or pregnant, or otherwise an improper subject for admission to said institution, may be returned by the board of education to the court, justice or other authority by whom she was committed, and thereupon such court, justice or other authority, shall have power to pass sentence as would have been legal in the first instance, as if such girl had not been sent to said home.

Sec. 175. Trial on Complaint. In all cases coming before a justice, mayor, or other authority, they shall appoint a guardian *ad litem*, for such girl, who shall be some disinterested person, discreet and careful, and who shall see that no injustice is done the girl; and he shall have the right to demand a trial for his ward by a jury of twelve men to ascertain the truth of the charges against the girl, and said jury shall be selected and trial conducted, as other trials are conducted by justices in criminal cases before them. Or, said justice or court may, without a jury, try such girl, if no jury is demanded by her guardian or next friend.

Sec. 176. Separation of Races. The said industrial home shall be exclusively charged with the reformation and care of girls, but white and colored shall be held separate as far as practicable.

Sec. 177. Binding Out Inmates as Apprentices. The board of control shall have power to bind out such girls as committed to their care as apprentices to the time said girls shall arrive at twenty-one years of age, to learn some proper trade, business or calling, on such terms as shall be advantageous to such girls; but such girls so bound out, are to be bound only to those whose characters are above reproach, and within the State.

The indentures by which any girl may be so bound shall state for what period she is bound, her age, what trade, art or business she is to follow, and that the master shall see that for at least five months in each year said apprentice shall be sent to the free schools of the state, and shall be bound to furnish school books requisite to learn the usual branches taught; the amount to be paid said child for each year, if anything above the maintenance of said child, and for what year or years, and the master shall bind himself with good security to pay the amount agreed upon, which sum of money, if any, contracted to be paid, shall be reserved, to be paid said girl or girls so bound, when their apprenticeship shall cease with interest, and said board shall not bind out any girl under the provisions of this act unless the master bind himself to comply with the conditions thereof, and whatever salary said master shall give, shall be paid to the state board of control; and it shall be the duty of said board to collect the same according to the tenor or effect of such contract, and turn the same over to the girl when she arrives at twenty-

one years of age, or sooner if she marries, when the same shall be turned over to her.

Sec. 178. Cruelty to Apprentices. For cruelty or inhuman treatment by such master of such apprentice, the circuit court of the county in which such master or apprentice may reside, or any justice of the peace of any such county shall have jurisdiction to try same, and upon conviction of such master for cruel or inhuman treatment of such child, such master shall be fined not less than ten nor more than one hundred dollars, and may in addition thereto be confined in jail not to exceed ninety days.

Sec. 179. Removal of Apprentices—Escapes. No master can remove such child out of the county where she has been bound by such board, except on the written permit of such board; and any person who shall aid or assist any girl who has been committed to said institution, or who is subject thereto, to escape from any other home or other place where she has been placed by the officers of the said institution, or who shall aid or assist any such girl to leave this state, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than five nor more than twenty-five dollars, and any justice of the county wherein such offense is committed shall have jurisdiction thereof.

Sec. 180. Jurisdiction of Apprentices—By Circuit Court—Desertion. The circuit court of the county shall in a summary way be open to hear any complaint of such master against his apprentice or to said apprentice against the master, and shall make such order in relation thereto as it shall deem fair and right. Any apprentice who shall desert the service of such master shall receive no pay (if the pay exceed the maintenance), while such desertion continues, and anyone who shall knowingly harbor such apprentice shall be liable to said master three dollars for every day such harboring or concealing such apprentice exists, to be recovered before any court having jurisdiction.

Sec. 181. Other State Educational Institutions. On and after the first day of July, one thousand nine hundred and nineteen, the West Virginia schools for the deaf and the blind, and such other state educational institutions as may hereafter be established by the legislature, shall be under the control and management of the state board of education and the state board of control, as provided in this act for other state educational institutions.

Sec. 182. Shall Make Reports. On the first day of October of each year or as soon thereafter as practicable, the state board of education through the state superintendent of schools, shall make to the governor a full report concerning the state educational institutions (a copy whereof shall be filed with the state board of control at the same time) which shall show the number of persons employed about each of the said institutions; the official designation of each of such persons, and the amount and rate of compensation paid to him; and shall report the amount disbursed by them of any funds under their control, stating the purposes for which expended and the amount expended for each purpose, and the number of days actually engaged by the persons employed about each of

their said institutions, including teachers and professors. Said report shall also show the number of students actually attending each of said institutions, and the number of students enrolled in each school or department of each of said institutions, and the total cost of each of said schools or departments; and shall make special reports to the governor as he may request; and may make recommendations respecting legislation needed to promote the welfare of their institutions.

The state board of control and the state board of education shall from time to time as may be necessary, make a report to the auditor, which shall state the names of each person employed by each of them at any of the institutions named in section seven of this act, his official designation and the rate of compensation per month (or by the day or week if employed for less than a month) and out of what funds or appropriation the same is payable. The chief officer or head teacher of any such institutions, or other person who may have been appointed for the purpose by the state board of control, shall make out and certify to the auditor at the end of each month a list of persons to whom any payments may be due, stating for what purpose due, the amount due each person and the fund or appropriation from which payable; one copy whereof shall be filed in the office of the institution where made, and one in the office of the state board of control. If the auditor finds such list correct and in accordance with the reports made to him by the state board of control, or the state board of education, he may pay to the persons entitled thereto the amounts so certified as due each.

Sec. 183. Voting of Bonds. In any district or independent district the board of education may borrow money and issue bonds therefor, for the purpose of purchasing school sites, and erecting, completing, enlarging, repairing or furnishing school buildings in such district or independent district; *provided, however,* that no such debt shall be contracted under this section unless all questions connected therewith shall have been first submitted to a vote of the people of such district or independent district, at a general or special election, and have received a majority of three-fifths of all the votes cast for and against the same; **provided, further,** that no debt shall be contracted under this section which shall, including existing indebtedness, in the aggregate, exceed two and one-half per centum of the value of the taxable property in the district or independent district, as ascertained by the last assessment thereof for state and county taxes, nor without at the same time submitting to the voters of such district at the election held for the purpose of authorizing bonds, the question of authorizing a special levy sufficient to pay the interest annually on all the outstanding bonds and to retire annually a proportionate amount of the principal of such bonds. If a majority of the votes cast at such election be in favor of such levy, the board of education shall have authority to lay such levy and may continue to lay the same or such portion thereof as may be necessary, from year to year, without an additional vote, until such bonded indebtedness is paid off and discharged; but the funds arising from such levy shall be used for the purpose designated, and no other.

Such bonds shall not be issued for a longer period than twenty years, nor shall they be sold for less than their par value, nor bear interest at a greater rate than six per centum. They shall be issued serially in equal installments, so that after the first five years from the date of their issue one of the series will fall due and be payable in every year of the remaining period of their issue. Such bonds shall also contain a provision authorizing the board of education after five years from the date of issue to pay any or all of the remaining outstanding bonds at any interest period, by notifying the holders of such bonds by letter, if the names and postoffice addresses of such holders be known to the board, and by giving at least sixty days' notice by publication in one or more newspapers, said bonds to be retired in the order in which they fall due.

The issuance of such bonds shall be in accordance with the provisions of chapter fifty-seven of the acts of the Legislature of one thousand nine hundred and seventeen (regular session.)

Sec. 184. School Elections—How Held. Any and all elections authorized by this act, for school purposes, may be held separately or in connection with any general or special election. Notice of such election shall be given by the publication of the order of the board calling the same, in two newspapers of different political parties and having general circulation in the territory in which the election is to be held, at least once each week for two successive weeks. If there is only one newspaper in general circulation in the territory in which the election is to be held, then the notice of publication shall be made therein. Printed copies of the aforesaid order shall be posted at each place of voting at least ten days before the election. All provisions of the law concerning general and special elections shall apply in such elections insofar as is practicable, except that the board calling the election shall appoint necessary election officers and shall canvass the returns, and the secretary of the board shall procure and furnish to the election commissioners at each place of voting the tickets, poll books, tally sheets and other things needed. In calling elections, district and county boards of education shall follow the forms to be prescribed by the attorney general.

Section 184-a. For the purpose of providing for a levy for the support of free schools in every county, district or independent school district of this state, the question of authorizing a levy for school purposes shall be submitted to the voters thereof at the general election held on Tuesday after the first Monday in November, one thousand nine hundred and twenty-two, and the board of ballot commissioners of each county are hereby required to prepare separate ballots from that of the official ballot to be voted at said election and shall have printed thereon the following:

Ballot on School Levy
 For School Levy
 Against School Levy

The several officers conducting the said general election at each place of voting shall conduct the election on the question of school levy and canvass and certify the result thereof to the commissioners of the county

court in the same manner, as far as applicable, as they are required to conduct and certify the result of the said general election; and the county court shall promptly certify the result of the election on the question of school levy to the board of education of each district or independent school district in the county; and the said certificate shall be entered by the secretary, as a part of the minutes or records of the board of education.

If a majority of the ballots cast at said general election in any district or independent school district be in favor of school levy, the board of education of such district shall annually thereafter levy for the support of schools in their district in the manner provided by law for school levies until such time as an election may be again held on the question of school levy as hereinafter provided.

The board of education of any district or independent school district, shall upon petition of forty per cent of the registered voters, as shown by the last registration of the district or independent school district, again submit the question of school levy to the voters of such district, the election to be held as provided in section one hundred and eighty-four of this chapter and this act, as far as practicable.

SHERIFFS—DUTIES AS TO SCHOOL FUNDS

Sec. 185. Collections and Disbursement of School Money—Bond.

The sheriff of the county shall receive, collect and disburse all school money for the county and the several districts and independent districts therein. But before receiving or collecting any such school money he shall give in addition to his bond as collector of the state and county taxes, a bond with approved security in a penalty double the amount of school money which will probably come into his hands for school purposes during any one year of his term of office.

Sec. 186. **Pay Orders.** He shall keep accounts with the boards of education of the various districts and independent districts of the money belonging to the several funds, as provided by law, and shall credit every receipt and charge every disbursement to the fund to which it belongs. He shall pay out no money except upon orders of the respective boards specifying the amount to be paid, the purpose for which paid and the fund to which it is to be charged, signed by the president and secretary and countersigned by the county financial secretary, or by the president and one other member, as prescribed in section ninety-three* of this act, and countersigned by the county financial secretary.

Sec. 187. **Annual Settlement with County Financial Secretary.** He shall on or immediately before the first day of July in each year, settle with the county financial secretary for each district and independent district in the county. In this settlement he shall be charged with the amount of taxes and of general school fund apportioned to each district or independent district by the county superintendent and the amount of

*Refers to section ninety.

taxes levied by the board of education upon the property of each district or independent district for the teachers' fund, for the building fund and all other school funds, and for any other money received by him during the current year on account of the free schools of such district or independent district; and he shall be credited with the amount of delinquent school tax in such district or independent district that has been duly certified by the clerk of the county court to such board of education.

If any county financial secretary fails to make the settlement required by this section, with the sheriff within the proper time as aforesaid, he shall be guilty of a misdemeanor and upon conviction thereof be fined twenty dollars, the proceeds of which fine shall be placed to the credit of the building fund of the district for which said settlement is not made.

Sec. 188. Payments in Excess. He shall be credited in such settlements with all orders paid and produced by him, if found to be correct by the board of education, and he shall receive no other credits except his commission as hereinafter provided. If any sheriff shall pay out in any one year more money on account of the teachers' funds or of the building funds or of any other fund, than shall have been levied and could have been collected by him during said year together with the amount remaining in his hands from any preceding year, he shall in such settlement receive no credits for such excess.

Sec. 189. Method of Settlement. In making said settlement it shall be the duty of the sheriff to prepare and present to the said board of education in duplicate separate lists of all the credits claimed by him against each of the several school funds collected by him showing the amount, date and number of each voucher or order, and to whom payable, together with the statement of the proper debits to the several funds to which he is chargeable; which lists and statements together with the vouchers claimed as credits by the sheriff shall be endorsed by the secretary of the board on the back of each with the words "Settled by board of education," under which the secretary shall sign his name and enter the date of the settlement, and said statements and lists as corrected shall be signed by said sheriff and by the president and secretary of the said board of education in duplicate, one copy to be retained by said board and the other, together with the vouchers and orders shall be turned over to the sheriff, who shall as soon as may be deliver them to the clerk of the county court, and the same shall serve as a basis for the settlement required by section seven of article twelve of the constitution, and section one hundred and ninety-three* of this act.

Sec. 190. Settlement with County Court. In addition to the settlements required by the sheriff with each board of education, every sheriff shall also make the annual settlements by districts with the county court of his county at the next term after the first day of July in each year, showing an itemized statement of all money disbursed for the preceding year on account of the building fund, the teachers' fund, and any other school funds in his hands, showing the amount, date and number of each credit voucher and to whom payable, and the balance due each district

*Refers to section one hundred ninety.

and independent district on each of said funds, which settlement shall be made a matter of record by the clerk of said court in a book kept for that purpose.

Sec. 191. Corrections in Settlement. But the settlement made by the sheriff with the several school districts of the county, as provided in section one hundred and ninety† of this act, when found correct and properly signed and turned over to the clerk of said court as required by section one hundred and ninety-two* of this act, may be taken and treated as the settlements required to be made and recorded by section one hundred and ninety-three‡ of this act; *provided, however,* that the prosecuting attorney or any taxpayer of the county may appear before said court for the purpose of making corrections in said report, and said court may hear said objections, after reasonable notice to the sheriff and board of education and make such corrections as may be proper, and when corrected said settlements shall be recorded; and said settlement and vouchers turned over to the clerk of said court shall be filed by said clerk by districts.

Sec. 192. Failure to Account for or to Pay Orders. If he shall fail to account for and pay over as required by law any money which may come into his hands or for which he is liable, judgment may be rendered therefor against him and his sureties with interest and ten per cent damages; and upon the failure of such sheriff to pay any proper order issued by the said board of education, the person entitled to receive the sum of money specified in such order may require the sheriff to endorse thereon or write across the face thereof the words "presented for payment" with the proper date and sign the same, and judgment upon motion after at least ten days' notice may be obtained against the sheriff before any justice of his county or before the circuit court thereof, with interest from the time said order was presented and ten per cent damages. But a sheriff shall not be required to endorse any school order nor shall suit be brought on any such school order prior to the first day of November of the current school year.

Sec. 193. Failure to Settle. If any sheriff fails to make the settlement required by section one hundred ninety* of this act at the time required, without reasonable cause therefor, he shall be charged in said settlement with twelve per cent interest on all school money in his hands for the time he is in default in making the said settlement. If the sheriff fails to make the said settlement at the time required it shall be the duty of the prosecuting attorney to proceed by action against him and his sureties in the circuit court to recover the fine and penalty imposed upon him by this section and by section one hundred ninety-five of this act.

Every retiring sheriff shall immediately after he shall have made his final settlement in the manner herein provided, pay and turn over to his successor in office such balance as may be shown to be due from him by said settlement.

†Refers to section one hundred eighty-seven.

*Refers to section one hundred eighty-seven.

‡Refers to section one hundred ninety.

‡Refers to section one hundred ninety-two.

Sec. 194. The provisions of this act shall in no manner infringe upon the powers and privileges heretofore granted by any special act or acts to any independent school district in the State; and any independent school district may avail itself of any of the provisions of this act as determined by the board of education of said independent district.

Sec. 195. All acts and parts of acts inconsistent with this act are hereby repealed.

SCHOOL LEVIES AND SCHOOL FUNDS

(Being that part of Chapter 126, Acts of the Legislature of 1919, Regular Session relating to School Levies and School Funds)

Section 1. The county court of every county, the board of education of every school and independent school district and the common council or other fiscal body in lieu thereof of every municipal corporation, shall hold a session on the second Tuesday in August in each year for the transaction of business generally, and especially for the transaction of business as herein required.

Statement and Levies by Boards of Education

Sec. 5. At its session held on the second Tuesday in August as aforesaid, the board of education of every district and independent district, except the independent district of Wheeling, shall, if a majority of the ballots cast upon the question of laying a levy in the district or independent district as provided in chapter forty-five of the code have printed or written thereon "For school levy," ascertain the condition of the fiscal affairs of the district and make up an itemized statement thereof distinguishing between elementary and high schools and the various funds hereinafter provided for each, which statement shall set forth in detail:

First—The separate amounts due the various funds of the district, and the amounts that will become due and collectible during the current fiscal year except from the levy of taxes to be made for the year.

Second—The debts and demands owed by the district, and the debts and demands that will become due and payable during the current fiscal year, including interest on any indebtedness, funded, bonded or otherwise.

Third—All other expenditures under the several heads of expenditures, to be made and payable out of the levy of the district for the current fiscal year, with proper allowances for delinquent taxes, exonerations and contingencies. Said statement shall also set forth the separate amount necessary to be raised for each fund by the levy of taxes for the current fiscal year, the proposed rate of such levy in cents on each one hundred dollars assessed valuation of the taxable property in the district for each of such funds, and the separate and aggregate amounts of the assessed valuation of real estate, personal property, and public utility property assessed by the board of public works. A copy of such statement duly certified by the secretary of the board shall immediately be forwarded to the state tax commissioner, and said statement shall,

before the next meeting of the board, be published once in two newspapers of opposite politics in the county, if there be two such newspapers of general circulation in the county. If there be but one newspaper published in the county, the publication shall be made therein. The session shall then stand adjourned until the fourth Tuesday in August, at which time it shall re-convene and proceed in all respects as provided in section two. After having entered the statement as finally approved in its book of record or proceedings, the board shall thereupon levy as many cents on each hundred dollars assessed valuation of the taxable property in the district, according to the last assessment thereof, as will produce the amounts shown by the statement approved to be necessary as follows:

For Elementary School Purposes.

(a) For maintenance fund purposes, for defraying the maintenance expenses for a fiscal school year, a levy not to exceed fifteen cents.

(b) For teachers' fund purposes, a levy not to exceed forty cents for the purpose of maintaining the schools of the district for a minimum term, or for a longer term where the same has been extended by or according to law. In case, however, the levy hereunder, including the supplemental apportionment of the general school fund hereinafter provided, will not produce a sufficient fund to pay minimum salaries to a sufficient number of teachers for all the schools of the district for the minimum term it shall be the duty of the board of education to lay an additional levy to make up the deficiency in the teachers' fund.

(c) In any district or independent district where the term of school has been, or shall hereafter be, extended for a longer period than the minimum term by a majority of the votes cast at an election therein as provided by law, and the maximum rate of levy hereinbefore provided for maintenance building fund purposes and teachers' fund purposes will not provide sufficient funds to defray the expenses of the term provided by such election, the board of education shall lay a levy sufficiently high to provide the funds necessary to conduct the schools in such district for the term provided by such election, and such levy shall be separated into, and designated as, maintenance building fund levy, and teachers' fund levy. The term of school fixed by such election shall continue from year to year so long as a majority of the votes cast at the election at which the question of "school levy" is submitted, be in favor of such "school levy", or until the term so fixed shall be changed by a majority vote of the people in such district.

(d) If the majority of the taxpayers of a sub-district within an incorporated municipality, the boundaries of which sub-district are, or shall be made, co-extensive with the boundaries of such municipality, file with the board of education of the district in which such sub-district is a part, at their meeting on the second Tuesday in August, a petition praying for an extension of the school term therein for a given number of months, the board shall extend the term of such school for the number of months, prayed for in such petition, and shall lay levies sufficiently

high on each one hundred dollars' assessed valuation of the taxable property in such sub-district according to the last assessment thereof, for such extension, which levies shall be separated into and designated as maintenance building fund levy and a sub-district teachers' fund levy. **Provided, however,** that any such petition properly filed with the secretary, shall authorize said board of education to lay such levies, at any regular levy term within four years thereafter, unless the same be rescinded by a similar petition requesting that the same be revoked.

For High School Purposes.

For high school purposes, including junior high schools, and for the purpose of paying the tuition of high school pupils in districts which do not have regularly established high schools, under such regulations as are prescribed by law, the said board shall levy a rate sufficiently high to defray the expenses for such high school purposes for the current fiscal year. This levy, other than for paying high school tuition shall be divided into maintenance fund purposes and teachers' fund purposes.

For New Building and Improvement Fund Purposes.

For new building and improvement fund purposes, for the purchase of land and for the purpose of erecting and equipping buildings for elementary and high school purposes, for the purchase of furniture and apparatus, for rent and permanent improvements of old buildings, a levy not to exceed twenty cents. Where, however, an exigency exists for additional housing, and the levy herein provided is not sufficient to provide the necessary funds an additional levy hereunder may be laid not to exceed twenty cents, but the levy shall not be made until the grounds showing the emergency shall be fully set out in an order made and entered of record by the board of education and then submitted to and approved in writing by the state superintendent of free schools and the state tax commissioner.

Sec. 7. The General School Fund. The proceeds of the capitation tax, the income of the school fund, the net proceeds of all forfeitures and fines which accrued to the state during the previous year and all moneys arising from the sources named in section four of article twelve of the constitution heretofore going to the "school fund" but as now amended going to the "general school fund," all interest on public moneys received from state depositories, state license tax on marriage, state tax on forfeitures, state tax on state licenses except motor vehicles and state licenses paid direct to the state auditor and secretary of state, and all funds from any source paid into the treasury for school purposes and not otherwise appropriated, shall be set apart for the support of free schools, as a separate fund to be called "the general school fund."

Such funds shall be used for the following purposes in the order enumerated, preference being given likewise:

First—To pay the salary of the state superintendent of free schools his necessary traveling expenses not to exceed five hundred dollars, the

contingent and other expenses of his office, and the salaries of county superintendents.

Second—To supplement the teachers' fund of elementary schools in districts where the maximum levy for teachers' fund purposes will not provide sufficient funds to pay the minimum salaries to a sufficient number of teachers for all the first eight grades of the public schools.

Third—To supplement the maintenance fund of elementary schools in districts where the maximum levy will not provide sufficient funds to pay the actual maintenance expenditures for the minimum term.

Fourth—To supplement the elementary teachers' fund to an amount equal to the amount accruing from any additional levy in excess of forty cents on the one hundred dollars, which levy has been fixed according to law and which is for the purpose of augmenting teachers' salaries and for the employment of district supervisors. **Provided**, that no district shall benefit or be given aid hereunder for the payment of teachers' salaries in excess of the minimum salaries increased by ten per cent, for the minimum term as fixed by general law, and one hundred and fifty dollars per month for district supervision.

Fifth—To pay state aid to high schools under such regulations as are provided by law.

Sixth—To aid school districts (not independent districts) which maintain standardized schools under such regulations as are prescribed by law.

Seventh—Any balance remaining in said general school fund in any fiscal year shall be distributed to the various school districts and independent school districts of the state on a basis of the enumerated youth of school age.

It shall be the duty of the auditor, on or before the twentieth day of July in each year, to ascertain the amount of the general school fund for distribution, after first deducting the aggregate salary of the state superintendent of free schools, his necessary traveling expenses not to exceed five hundred dollars, the contingent and other expenses of his office, and the salaries of county superintendents, and to notify the state superintendent of free schools thereof.

The state superintendent shall thereupon ascertain the needs for the various purposes in the order and preference numerated above whose duty it shall be to deposit with the treasurer of the board of education to the credit of such fund, the amounts to which such district is entitled.

But before making requisition on the auditor for the supplemental aid herein provided, the state superintendent shall inform himself of the conditions existing in such districts applying for aid as to the number of teachers employed, the number of pupils enrolled, the enforcement of the compulsory school law and other matters that pertain to the progress of the public schools of the district and shall require from all boards of education asking such aid, on forms to be prescribed and furnished by him, a financial statement thereof supported by affidavits showing the needs existing in such districts, the necessity for such aid and that the law authorizing such aid has been complied with.

The state superintendent shall also notify the county superintendent of each county to which supplemental aid is furnished the amount thereof, who in turn shall notify the boards of education of such districts as receive such supplemental aid of the amount thereof apportioned to such district and that the same can not be drawn by them until they have fully complied with the law under which such aid is authorized.

Sec. 9 (a) If any county court, board of education, or common council of a municipal corporation be of opinion that the maximum rate of levy of taxes hereinbefore named in section two-a as to counties, or in section five as to elementary and high schools, in school districts, or in section eight as to municipalities, will not produce sufficient funds for the current fiscal year to cover the expenditures for the year in the county or school district, or municipality, as the case may be, it may enter an order on its record book of proceedings setting forth the purposes for which additional funds will be needed, the amount thereof for each purpose, and the total thereof, the separate and aggregate amount of the taxable property on which it is authorized to levy taxes and the rate of levy in cents on each one hundred dollars assessed valuation of such property necessary to produce the additional amount estimated to be needed; and in the same order submit to the voters of the county, the school district or the municipality, as the case may be, at an election therefor, the question of such additional levy. If a majority of the votes cast on the question at such election be in favor of such additional levy, the court, board or council, as the case may be, shall have authority to make such additional levy, but the same shall not exceed twenty cents on each one hundred dollars assessed valuation of the taxable property in the county, school district, or municipality, according to the last assessment thereof.

(b) If any county, school or independent school district, or municipal corporation has, at the time this act goes into effect, an outstanding bonded indebtedness where no provision has heretofore been made to pay the interest on such bonds and provide a sinking fund for the discharge of the principal of the same at maturity, the county court, the board of education, or the municipal council, as the case may be, shall lay a levy sufficiently high to pay the interest and provide a sinking fund for the discharge of the principal of such bonds at maturity and shall continue to lay the same from year to year until such bonded indebtedness is liquidated. The funds arising from such levy shall be used for the purposes for which levied and no other.

(c) If any county, school or independent school district or municipal corporation, creates in the future a bonded indebtedness according to law, the county court, board of education, or municipal council, as the case may be, shall enter an order on its record book of proceedings setting forth the maximum rate of levy necessary in each year to pay the interest and provide a sinking fund for the discharge of the principal of the bonds at maturity; and in the same order submit to the voters of the county, district or municipality, as the case may be, at the election held for the purpose of authorizing the bond issue, the question of such levy. At such election there shall be printed on the ticket a brief

statement of the levy herein provided for, such as "To authorize a maximum special bond levy of.....cents to pay the interest on, and..... cents to provide a sinking fund for the discharge of the principal of the bonds now being voted for according to the order of.....entered on the.....day of.....". And directly underneath, in two separate lines, shall be printed the words "For the levy" and "Against the levy." In all respects the provisions of the laws concerning general elections and elections under the provisions of this act shall apply to such election as far as they are practicable. If a majority of the votes cast at such election be in favor of such levy, the county court, board or council, as the case may be, shall have authority to lay such maximum levy, and it may continue to lay the same, or such portion thereof as is necessary, from year to year, without an additional vote, until such bonded indebtedness is liquidated; but the funds arising from such levy shall be used for the purposes for which levied and no other.

Elections

Sec. 10. The election authorized in section nine may be held at any general election, or at a special election held for the purposes herein stated. Notice thereof, however, shall be given by publication of the order of the court, board of education, or council, calling the same, in two newspapers of general circulation in the territory in which the election is held, and of opposite politics, at least once in each week for two successive weeks before the election, and printed copies of said order shall be posted at each place of voting at least ten days before the election. If there be only one newspaper published in the county, the publication shall be made therein. All the provisions of the law concerning general elections shall apply to such election as far as they are practicable, except as follows: A separate ticket shall be used at such election held in connection with any other election. On such ticket shall be printed a brief statement of the question submitted such as "Special election to authorize.....levy of.....cents, according to the order of the....., entered on theday of....." and directly underneath in two separate lines, shall be printed the words "For the levy" and "Against the levy." Those favoring the levy shall erase the words "Against the levy" and those opposed thereto shall erase the words "For the levy." If a majority of those voting on the question be in favor of the levy, the said fiscal body submitting the question shall be authorized to lay the same; but if a majority of the votes cast on the question be not in favor of such levy, it shall not be laid. If the question be submitted to the county court, the clerk therefor shall prepare, procure and furnish to the election commissioners at each place of voting, the tickets, poll books, tally sheets and others things needed; if the question be submitted by a board of education, the secretary thereof shall perform such duty; and if the question be submitted by a council of a municipal corporation,

such duty shall be performed by the clerk, recorder or other recording officer of the municipal court.

A levy under (a) section nine may be submitted for any two successive years that may be named in the order submitting the question to the voters, the rate of levy for each year being stated in such order, and if the levy be authorized as aforesaid, the proper fiscal body may lay such levy, or so much thereof as may be necessary for each of said two years.

Nor shall any such fiscal body make any contract, express or implied the performance of which, in whole or part, would involve the expenditure of money in excess of funds legally at the disposal of such fiscal body, nor issue or authorize to be issued any certificate, order or other evidence of indebtedness which cannot be paid out of the levy for the current fiscal year or out of the fund against which it is issued. Nor shall any such tribunal attempt to lay any levy the rate whereof shall exceed the rate specified by law. Any indebtedness created, contract made or order or draft issued in violation hereof, shall be void and of no effect, and any money received thereon may be recovered from the person receiving the same by the fiscal body which created, made or issued the indebtedness, contract, order or draft.

Any member of such fiscal body, or any officer or person who wilfully violates any of the provisions of this act, shall expend any money, or incur any debt or obligation, or make or participate in the making of any such contract, or be a party thereto in any official capacity, or issue or cause to be issued any such certificate, order or other evidence of indebtedness, shall be personally liable therefor, both jointly and severally, and an action may be maintained therefor by the State, or by the county, municipal corporations, district, or person prejudiced thereby, in any court of competent jurisdiction. Whenever any court of competent jurisdiction by mandamus, injunction, or trial of any action of law, or judicial proceeding, shall ascertain or determine that any member of any fiscal body hereinbefore referred to has negligently or wilfully violated any of the provisions of this section, it shall enter an order declaring the office of such member forfeited.

Any tax payer of the county, school district or independent school district or municipality, as the case may be, or the state tax commissioner, for the use and benefit of the county, school district or independent school district, or municipality, as the case may be, may, in his name, institute and prosecute to final judgment including the right of appeal to the supreme court of appeals of the State in any court having jurisdiction, proper action, suit, or proceeding, against the individual members of a county court, board of education, municipal council, or other body in lieu thereof, to recover from them any moneys expended in violation, or without authority of law. All moneys recovered in any such action, suit or proceedings shall be paid into the treasury of the proper fiscal body to the credit of the proper fund. The plaintiff, in case he prevails, shall recover his costs against the defendants, including a reasonable attorney's fee to be fixed by the trial court, and included in the taxation of costs. Any such taxpayer, or the state commissioner, shall have the right to institute and prosecute to final judgment any proceeding for the removal of any member of any county court, board of education, municipal court, or other body in lieu thereof, for expending public money in violation, or without authority of law. Upon the filing of a petition by such taxpayer, or the state tax commissioner, either in term or vacation, the court, or judge, shall set a time for hearing such petition. Sec. 5. That upon the request of any employer who is desirous of employing a child who represents his or her age to be sixteen years or over, the local officer charged with the issuance of work permits shall require of such child the proof of age specified in section three of this act and upon receipt thereof if it be found that the child is actually sixteen years of age or over, shall issue to such employer a certificate showing the age and date and place of birth of such child. Such age certificate when filed in the office of the employer shall be accepted by the officer charged with the enforcement of this act as evidence of the age of the child in whose name it was issued. Any officer charged with the enforcement of this act may inquire into the true age of a child apparently under the age of sixteen years who is employed, permitted or suffered to work in any gainful occupation and for whom no work permit or age certificate is on file and if the age of such child be found to be actually under sixteen years the presence of such child in such establishment shall be deemed a violation of the provisions of this act. The issuance of work permits and of age certificates shall be under the supervision of the state superintendent of free schools, who shall seek at all times to standardize this work.

any time other than as stated in said printed notice, shall be deemed a violation of the provisions of this section.

It shall belong to that class of institutions mentioned in section four, chapter fifteen-m of the code, and shall be managed and controlled as provided in said chapter, all the provisions whereof shall be applicable to said school except as in this act provided. The chief executive officer thereof shall be a superintendent, who shall be a legally qualified physician, scientifically trained in mental medicine and of not less than five years' experience in the treatment and care of insane persons and mental defectives, and who shall be appointed by the governor with the advice and consent of the senate.

Sec. 2. The state board of education shall have general control and management of the educational affairs of said school when established and shall employ professors and teachers for said school and shall fix a yearly and monthly salary to be paid to each person so employed, to be approved by the state board of control, according to law.

Sec. 3. There shall be admitted to said school any person with mental defectiveness from birth or an early age, so pronounced that he or she is unable to care for himself or herself and manage his or her affairs with ordinary prudence, and who because of mental defect is a

When application is filed for commitment of an alleged mentally defective person, the commission shall appoint two physicians to examine such person and determine whether or not he is mentally defective. Both of these physicians shall be selected as being the most capable physicians available because of knowledge of and training in mental medicine, and neither of them shall be related in any wise to the person sought to be committed.

(b) Where any court of the state has on trial before it a prisoner for an offense, and the judge shall have cause to believe that the prisoner is mentally defective, he may appoint two physicians as aforesaid to examine the prisoner, to ascertain whether or not he is in reality mentally defective; and if said physicians shall pronounce said prisoner to be mentally defective, the judge may commit him to said school.

In either of the cases named above, the physicians making the examination shall be required to make such examination complete and thorough, both mentally and physically, and shall be required to make to the commission or court appointing them certification as to their findings in the matter. This certification shall be in the form prescribed by the state board of control, and shall be made in duplicate, one copy of the same being sent with the patient when committed to the school, and the other copy being filed with the commission or court committing such person; and it shall be the duty of the superintendent of said school to refuse admission to any person unless he or she shall present a copy of said certification.

The commission or court, by order, shall designate some reputable person to convey such mentally defective person to the school and to protect such person until such time as he or she can be conveyed to the

institution. In the case of a female being taken to the school, a female attendant must be provided.

All expenses connected with the commitment of persons hereunder and conveying of such mentally defective person to the school shall be borne by the county in which said person has legal settlement.

(c) The relative, guardian or friend of any inmate of any state institution shall have the right and power to apply to the mental hygiene commission for an order directing an examination of said inmate, in the manner aforesaid, to determine whether or not he or she is mentally defective, then the said commission shall have the right to remove him or her from the institution in which said inmate may be, and commit him or her to the "West Virginia Training School"; *provided*, that this clause shall apply only to those who might in the first instance have been committed to said school.

Sec. 5. The training and treatment of persons admitted to the school shall be along such educational, medical and industrial lines as have proved most effective in approved institutions for mental defectives. The medical staff of such institution is hereby authorized to administer such medical treatment and perform such surgical operations for the inmates therein as may be necessary and expedient for the cure and prevention of mental defectiveness or disease.

Sec. 6. When, in the judgment of the superintendent of the school, a patient or inmate thereof shall, under the treatment and training given therein, improve mentally and physically to such an extent as no longer to constitute a menace to himself or others, the superintendent shall have the right and it shall be his duty to parole such person, under such rules and regulations as the board of control may prescribe.

Sec. 7. That sections four, six, eight, nine, ten, eleven, twelve, thirteen, nineteen, twenty, twenty-three, twenty-seven, twenty-eight, twenty-nine, thirty-three and forty-four of chapter fifty eight of the code of one thousand nine hundred and sixteen, be amended and re-enacted so as to read as follows:

Sec. 4. There is hereby established in each county a mental hygiene commission, to be composed of the president of the county court, the prosecuting attorney and the clerk of the county court, who shall serve as such without compensation, except for traveling or other necessary expenses incurred in the discharge of their duties as members of the commission, which expenses shall be audited by the county court and paid out of the county treasury; *provided*, that if the president of the county court shall not reside conveniently to the county seat and for that reason, or for other reason, shall desire not to serve as a member of the commission, the county court may choose one of its other members as a member of said commission. The president of the county court, or other member thereof chosen in his stead, as above provided, shall be the chairman of the commission. In his absence, the prosecuting attorney shall act as such chairman, the clerk of the county court shall be the clerk of the commission, and shall keep in a proper book provided for the purpose the full and careful proceedings of all the acts, orders and resolu-

tions of the commission. Two members of the commission shall be a quorum thereof.

Sec. 6. If the person so found to be a lunatic by the commission is a resident of another county of this state, the commission shall make up and transmit to the sheriff of its county a copy of the evidence taken on the examination of such person, and shall find and certify to the sheriff the following facts concerning such person, namely: His name, color, age and sex, and the county of which he is a resident, giving the name of the city, town or postoffice of such residence, if known. Such certificate and copy of the evidence shall be signed by the chairman and clerk of the commission, attested by the seal of the county. Upon receipt of such certificate and copy of evidence, the sheriff shall thereupon remove such person to the county of which he is a resident and deliver him into the custody of the clerk of the county court; or, in his absence, to the sheriff, and take a receipt in writing for him, which shall show the name of such insane person, the date of delivery, the person who delivered him and the person receiving him. The sheriff shall make due return to the clerk of the county court of his county, showing the manner in which he removed such insane person, making the above mentioned receipt part of such return. Such return shall be entered by the county clerk in the record of the proceedings of the county mental hygiene commission. The expenses necessarily incurred in effecting such removal, including the compensation to the person making the same, not to exceed three dollars per day, and one guard when necessary, not to exceed one dollar and a half per day, for each day actually so employed, shall be paid out of the county treasury, and shall be refunded to the county paying the same by the county court of the county to which such lunatic was removed and of which he was a resident. The mental hygiene commission of the last named county shall proceed in the case of such lunatic as in the case of a person brought before them charged with being a lunatic, and in such case may consider the evidence and certificate delivered to them by the commission of the other county.

Sec. 8. The superintendent of the hospital to whom application is made as hereinbefore provided, shall, on receipt of such application, carefully consider the same, and if he be of the opinion that the person named is a proper one to be admitted to his institution, and there is room for him therein, he shall, without delay, cause such person to be brought to his hospital by one of the attendants thereof, the actual expenses whereof shall be paid out of the proper fund of the hospital, and repaid to the state by the county as hereinafter provided. If there be no room in the hospital to which the application is made, the superintendent thereof shall immediately communicate the fact to the state board, which he may do when deemed necessary by telegraph or telephone, and transmit the commitment papers to the state board, whose duty it shall be to ascertain whether there is room in any one of the other hospitals, and if there is, to cause him to be admitted thereto, and the superintendent thereof to send attendant for such person; provided, that any reputable and trustworthy relative or friend of such insane per-

son may be allowed by the county mental hygiene commission to deliver him to the hospital, if such relative or friend will do so, without expense to the county or state.

Sec. 9. When a person committed to a state hospital is received therein he shall be carefully examined by the superintendent and the assistant thereof, who are hereby constituted the examining board of such institution. Such examination shall be made as soon after such person is received in the hospital as may be prudent; and, if from such examination (or from a subsequent examination, if the first one be not satisfactory to the examining board) he is found to be insane and a proper person to be received therein, he shall be registered as an inmate of such hospital, and receive maintenance, treatment and care therein; but if he is not a proper person to be received in such hospital, or if in the opinion of the examining board such person be not insane, the superintendent shall cause him to be returned by an attendant to the sheriff of the county from which he was received. On receiving any such person it shall be the duty of the sheriff immediately to notify the clerk of the county court thereof; and it shall be the duty of the mental hygiene commission of such county promptly to consider and dispose of such case.

Sec. 10. The county court of any county may make contract with two or more competent physicians respecting the compensation to be paid to them for their services in examining lunatics and other persons brought before the mental hygiene commission of the county, the county court, or the circuit court, or confined in jail. The compensation of physicians, of all witnesses, and of all other persons and officers whose compensation is not fixed in this chapter or by any other law, employed in examination of such persons, or for their care and maintenance, or for other services in connection therewith, unless the same shall have been agreed upon before or at the time such service was performed, or is fixed by law, shall be such as may be prescribed by the county court of the county, and shall be paid out of the county treasury.

Sec. 11. Any resident of this state who is in the early stages of insanity, or believes himself about to become insane, or any epileptic who is not insane, or any other person so afflicted as to believe that treatment in one of said hospitals would be beneficial to him, may make application to the state board for the benefit of treatment in one of the state hospitals, as a voluntary patient. The application must be in writing, in such form as the state board may prescribe, and be signed by the applicant, who shall acknowledge his signature before a justice or a notary public. The state board may require the certificate of one or more physicians and such other evidence of the mental and bodily condition of the applicant as they may think proper; and the board may admit him for treatment in any state hospital upon such terms and conditions, and with such security for payment of the price agreed upon for treatment and maintenance therein, as the board may deem proper. A voluntary patient may be discharged upon certificate of the superintendent of the hospital, because he is cured or because further treatment therein is unnecessary or undesirable. A voluntary patient shall

have the right to leave the hospital at any time if in the judgment of the superintendent he is in fit condition, and it is prudent for him to go at large, by giving five days' notice of his desire to do so. Any relative or friend of any such person, may make application to the state board for his treatment in a state hospital, and the board may take such action thereon as is provided above in this section, all the provisions of which shall apply to such case, so far as applicable, as when the application is made by the person himself.

Sec. 12. There shall also be admitted to the Huntington state hospital such patients as the state board may deem eligible; but in no case to include tubercular, cancerous or leprous persons. Such persons shall be committed by county courts, or in such other manner as the state board may prescribe, and according to regulations prescribed by said board.

Sec. 13. When any patient in any state hospital is restored to sanity the superintendent shall give him a certificate of restoration and discharge him from custody. Any patient out on parole, or on bond, or otherwise temporarily released from a hospital, who has been restored to sanity, may present himself to the superintendent. If after examination the superintendent shall find him sane, he shall give him a certificate of restoration and a discharge. Any person who has been found insane by a county mental hygiene commission or any other board or tribunal other than a circuit court, and any person who is confined in any hospital or other place of confinement or otherwise restrained of his liberty in violation of law, or a patient who has been restored to sanity and to whom the superintendent of the hospital refuses to give a certificate of restoration and discharge, may present his petition, or any relative or friend may present a petition in his behalf, to the circuit court of the county in which the hospital is located in case of a patient denied the certificate of restoration, and in other cases to the circuit court of the county in which the person is confined or is in custody, stating the facts. The courts shall treat such petition as an application for a writ of *habeas corpus*, so far as applicable and necessary, and cause such process to issue as the court may deem proper, and fix a time for the hearing of the case, which may be heard by the court either with or without a jury, as the court may order; and if the person is found sane, or it is found that he is held in custody in violation of law, he shall be discharged. In cases of patients who have been denied certificates of restoration and discharge by the superintendent of a hospital, or in which it is alleged that a patient is held in custody illegally in any state hospital, the superintendent shall have at least five days' notice of the time and place of the trial in the circuit court. In all such cases the prosecuting attorney shall represent the sheriff or other county officer or the commission who shall be a defendant in such proceedings; and the attorney general shall represent the superintendent of any hospital who is a defendant. In case the decision shall be against the applicant, he or his bondsmen (if any), or the person signing the petition, shall pay the costs of the proceeding. In any case in which a court may find a person sane

upon an inquest or trial respecting his sanity, he shall be discharged and entitled to a certified copy of the order of the court made in the case. Nothing in this section shall be construed as applying to patients charged with or convicted of crime, as provided in section fifteen hereof.

Sec. 19. If any reputable person present to the clerk of the county court of a county wherein a person is confined as a lunatic, other than one charged with or convicted of crime, or other than one confined in a state hospital, or a duly licensed private hospital, an application in writing for the discharge of such lunatic on the ground that he has been restored to sanity, the mental hygiene commission for the county must consider the same, and may proceed to make an inquest upon such lunatic as is hereinbefore provided. If the commission find that such person has been restored to sanity, they shall set him at liberty, if they have authority to do so; and if they have not such authority, they shall give a certificate of their finding to the person making the application, who may present it to the proper court.

Sec. 20. When a person is found insane or to be mentally defective, by the county mental hygiene commission, or be committed to a state hospital by the county court, the county court shall appoint a guardian or a committee for him; and when a person is found insane by the circuit court, such court shall appoint a guardian or committee for him.

Sec. 23. If the personal estate of such insane person or mentally defective, be insufficient for the discharge of his debts, or if such estate or the residue therefor after payment of the debts, and the rents and profits of his real estate, be insufficient for his maintenance and that of his family, if any, the guardian or committee of such person may petition the circuit court of the county in which he was appointed, for authority to mortgage, lease or sell so much of the real estate of such insane person as may be necessary for the purposes aforesaid, or any of them; setting forth in the petition the particulars and the amount of the estate, real and personal, the application which may have been made of any personal estate, and an account of the debts and demands existing against the estate.

Sec. 27. For the purposes of this chapter no person shall be considered a resident of this state unless he is a citizen of the United States and has been a *bona fide* resident of this state for at least one year, and was not insane when he came into this state. And as among the counties, no person shall be considered a resident of a county who is not a resident of the state as above defined, and has been a resident of the county for at least sixty days, and was not insane when he came into the county. In the inquest on a person before them suspected of insanity, the county mental hygiene commission, if it appear that he is not a resident of this state, shall make diligent inquiry to ascertain his residence, and if it be ascertained, shall state in the commitment papers as definitely as their information shall justify, the city, town or other place, as well as the state or country, of which he is a resident. When a person who is a non-resident of the state is sequestered as an inmate of a state hospital, the superintendent thereof shall immediately report the fact to the state

hospital board. The board shall take proper steps to cause such a person to be deported, if an alien; or, if otherwise a non-resident of this state, to be taken to the state, territory or place of his residence and delivered to the proper authorities thereof.

Sec. 28. No private hospital for the care and treatment of the insane or mental defectives for compensation shall be established unless a permit therefor shall be first obtained from the state board. The application for such permit must be accompanied by the plan of the premises to be occupied, and with such other data and facts as the board may require, who may make such terms and regulations in regard to the conduct of such hospital as it may think proper and necessary. The state board, or any member thereof, or any person by the board authorized to do so, shall have full authority to investigate and inspect such private hospital; and the state board may revoke the permit of any such hospital for good cause, after reasonable notice to the superintendent or other person in charge thereof.

Sec. 29. Any physician who shall sign a certificate respecting the sanity of any person without having made the examination as provided for by this chapter, or shall make any statement in any such certificate maliciously for the purpose of having such person declared insane, and any person who shall maliciously make application to any mental hygiene commission or other tribunal for the purpose of having another person declared insane, shall be fined not exceeding five hundred dollars, or imprisoned not exceeding one year, or both fined and imprisoned at the discretion of the court. Not more than one physician of any firm or association of physicians practicing medicine together, shall sign a certificate provided for in this chapter respecting the mental or bodily condition of any person suspected of insanity.

Sec. 33. Every county shall pay into the state treasury at the rate of fifty dollars per annum for every epileptic, idiot, imbecile, or such other incurable defective heretofore or hereafter admitted as a patient or inmate to a state hospital or training school from such county, but the counties shall not be required to pay at said rate of fifty dollars per annum or any other sum to the state for the maintenance of any insane person proper, anything in this act or any provision of the laws of this state to the contrary notwithstanding. At every levy term of each county court it shall estimate for and levy a sufficient amount to meet all such expenses. The superintendent of said hospital, on or before the tenth day of January of each year, shall certify to the auditor a list of all the patients in the said hospital during the whole or any part of the preceding year for which the counties are to pay, showing on such list under the name of the county, the number from each county and the length of time he was in said hospital during the year, and showing the amount due from each county for each patient, and the total amount due from each county for the year. As soon as such list is received by the auditor he shall charge to each county the amount appearing to be due from the certificates of the said superintendent. Within ten days after the receipt of such certificate the auditor shall make out a copy thereof for

each county and certify the same to the county court thereof, which list shall show the name of each patient in said hospital from the county during the year, the length of time he was in such hospital during the year, the amount charged for each patient, and the total amount charged on account of all such patients from the county; and said total amount shall constitute a debt against the county due the state. Whenever there is in the state treasury a sum of money due any county from any source the same shall be at once applied on the debt aforesaid against the county, and the fact of such application of such fund shall be reported by the auditor to the county court of the county, which report shall be a receipt for the amount therein named. All moneys paid into the state treasury by counties as herein provided shall be credited by the auditor to the current expense or maintenance fund of said hospital, and shall be subject to be drawn out of the state treasury on the requisition of the state board of control for the current expenses of the said hospital, and all such moneys are hereby appropriated for that purpose.

Sec. 34. All moneys which any county shall pay or become liable for under the provisions of this chapter on account of any inmate from the county in any state hospital or training school, the county court of the county may recover, within five years after payment of the same by the county or from the time the county became liable therefor, from the persons and in the manner following namely: If the inmate be a minor, from his guardian; or, if he have no estate, or it be insufficient, from his father; or, if he have no father or his estate be insufficient, from his mother. If the inmate be an adult, from his or her estate; but if such estate be insufficient, and the inmate be a wife, from the estate of her husband; or, if his estate be insufficient, from the estate of her children, or such of them as have sufficient estate. If the inmate be a husband, and his estate be insufficient, from the estate of his wife; or, if her estate be insufficient from the estate of his children, or such of them as have sufficient estate. It shall be the duty of the guardian or committee of any such inmate to pay to the county of which his ward is a resident, if he have sufficient estate in his hands to do so, the money so due to the county from his ward. The county court may order its clerk to make out a bill against any such inmate for the sum so due to the county, which bill shall show the different items and the amount of each, and be certified by the clerk as correct, and by him delivered to the sheriff for collection. The clerk shall charge against the sheriff the amount of each of such bills, showing the date when delivered to the sheriff. It shall be the duty of the sheriff to collect the same from the proper person, or the guardian or committee of such inmate. Within sixty days after receiving any such bill, or at the next session of the county court held after the expiration of such sixty days, the sheriff shall make a report to the county court of his acts in respect thereto and return all such bills he has been unable to collect. The county court may re-deliver any of such bills to the sheriff for collection, and in respect thereto the sheriff shall make report as above provided.

Sec. 8. All acts and parts of acts inconsistent with this act are hereby repealed.

STATE INDUSTRIAL HOME FOR COLORED GIRLS

(Chapter 154, Acts of the Legislature 1921, Regular Session.)

Sec. 1. There is hereby established a state institution to be known as the state industrial home for colored girls. It shall belong to that class of institutions mentioned in section three of chapter fifty-eight of the acts of one thousand nine hundred and nine, and shall be managed and controlled as provided in said act, all the provisions whereof shall be as applicable to said home as if the same were named in said section three of said act. The chief executive officer thereof shall be the superintendent, who shall be a citizen of the state of West Virginia, and a person of good executive ability, and shall be appointed by the governor with the advice and consent of the senate.

Sec. 2. The state board of control and the advisory council to the state board of education, shall jointly select a suitable site for such home and provide plans for the necessary buildings as soon as practicable after this act shall go into effect; and thereafter all the provisions of said chapter fifty-eight of the acts of one thousand nine hundred and nine, and of chapter twenty-seven of the acts of one thousand nine hundred and eight and of chapter forty-five of Barnes' code of one thousand nine hundred and sixteen shall govern herein as far as applicable.

Sec. 3. Girls eligible to be received into said home are those who are from seven to eighteen years of age, and who may be committed by any justice of the peace of this state, on complaint and due proof made to him by the parents, guardian or next friend of such girl, that by reason of incorrigible or vicious conduct, such girl has rendered her control beyond the power of such parent, guardian or next friend, and made it manifestly best that such girl should be placed in said home; or by any criminal, circuit or intermediate court of this state. Girls may be so committed for vagrancy up to eighteen years of age, or where parents, guardian or next friend agree and contract with the board of control for their support and maintenance, or girls up to fifteen years of age, who may be found in houses of ill fame or assignation houses, upon conviction thereof before any justice of the peace, mayor of a town or city; or girls convicted by any of the courts of this state of felony or misdemeanor, punishable by imprisonment, the judge in his discretion, instead of confining such girl in the county jail or sending her to the penitentiary, may transfer such girl so convicted to said home, from any county of this state; *provided* there is room there for such girl. Every girl committed to said home shall remain there until she is twenty-one years of age, unless sooner discharged.

Sec. 4. The state board of education and the advisory council thereto shall have supervision and control over the educational affairs of this institution.

STATE INDUSTRIAL SCHOOL FOR COLORED BOYS

(Chapter 155, Acts of the Legislature 1921, Regular Session.)

Sec. 1. There is hereby established a state institution to be known as the state industrial school for colored boys. It shall belong to that class of institutions mentioned in section three of chapter fifty-eight of the acts of one thousand nine hundred and nine, and shall be managed and controlled as provided in said act, all the provisions whereof shall be as applicable to said school as if the same were named in said section three of said act. The chief executive officer thereof shall be the superintendent, who shall be a citizen of the state of West Virginia, and a person of good executive ability, and shall be appointed by the governor with the advice and consent of the senate.

Sec. 2. The state board of control and the advisory council to the state board of education shall jointly select a suitable site for such school and provide plans for the necessary buildings as soon as practicable after this act shall go into effect; and thereafter all provisions of said chapter fifty-eight of the acts of one thousand nine hundred and nine, and of chapter seventy of the acts of one thousand nine hundred and thirteen and chapter forty-five of Barnes' code of one thousand nine hundred and sixteen shall govern herein as far as applicable.

Sec. 3. Any male youth under the age of eighteen, and not under the age of ten years, may be committed to and received into the state industrial school for colored boys, for the reason and in the manner following: 1. By a justice of the peace of the county in which he resides, on complaint under oath and due proof made to him by the parent, guardian or other persons having the custody and control of such youth, that by reason of incorrigible or vicious conduct such youth has rendered his control beyond the power of the parent, or guardian or such other person, and made it manifestly requisite that, from regard for the morals and future welfare of such youth and the peace and order of society, he shall be placed in said school. 2. By the same authority, upon complaint under oath, and due proof before the justice that such youth is a vagrant, incorrigible or vicious in disposition and conduct, and that his parents, guardian, or other person having custody of or authority to control him, are depraved or otherwise unfit, unwilling or unable to exercise care or discipline over such youth.

Sec. 4. Whenever any male youth under the age of eighteen years, shall be convicted in any of the courts of this state of felony or a misdemeanor, punishable by imprisonment, the judge of said court in his discretion, and with reference to the character of the industrial school as a place of correction and not punishment, instead of sentencing said youth to be confined to the penitentiary or county jail, may order him to be removed to and confined in the said industrial school, to remain until he shall have arrived at the age of twenty-one years, unless sooner discharged by the state board of control. Male youth under eighteen years of age, convicted in any of the courts of the United States for the districts of West Virginia, of any offense punishable by imprisonment, may

also be received into said industrial school upon such regulations and such terms as to their maintenance and support as may be prescribed by the state board of control, and assented to by the proper authorities of the United States.

Sec. 5. The state board of education and the advisory board thereto shall have supervision and control over the educational affairs of said school.
